WHEREAS Municipal governments accept responsibility for damage awards against them where the Courts find that they have not met required standards or obligations;

AND WHEREAS the concept of joint and several liability results in municipalities, even if found only one percent responsible by the Courts, being responsible for the payment of entire damage awards to plaintiffs in situations where multiple defendants are found to be negligent and such other defendants are impecunious;

AND WHEREAS it is challenging for municipalities and property taxpayers alike to accept calls for municipal accountability when it appears the municipality is being asked to assume financial responsibility for the negligence of third parties;

AND WHEREAS Municipal governments should not be the insurer of last resort, but for municipalities in Ontario, the principle of joint and several liability ensures that they are just that;

AND WHEREAS joint and several liability means higher insurance costs, diverts property tax dollars from delivering public services and transforms municipalities into litigation targets while others escape responsibility;
AND WHEREAS there must be a better way to help ensure those who suffer losses are made whole again without asking municipalities to bear that burden alone;

THEREFORE BE IT RESOLVED that the City of Greater Sudbury endorses the Association of Municipalities of Ontario's call for the provincial government's review of the principle of joint and several liability to produce changes that provide additional protection for municipalities, such as the adoption of a model of full proportionate liability, among other measures;

AND THAT the City Clerk be directed to forward a copy of this resolution to the Association of Municipalities of Ontario and the Attorney General for Ontario. *as well as the MPPs for Sudbury and Nickel Belt and the MPs for Sudbury and Nickel Belt.*
