Marisa Talarico, Active Transportation Coordinator, provided an electronic presentation regarding the Paris - Notre Dame Bikeway Design Update #1 for information only.

Members' Motions

M-1 . **Green Development Initiative Incentives**

The following resolution was presented:

OP2019-11 McIntosh/Kirwan: WHEREAS the City of Greater Sudbury recently approved development charge policies that not only support economic development, but also support a variety of other policy objectives that City Council believes are important for the City's successful growth;

AND WHEREAS the City of Greater Sudbury also recently declared a "Climate Emergency", signaling its intention to make action on climate change a strategic priority;

AND WHEREAS "green" development initiatives such as solar photovoltaic systems and certification processes like the Leadership in Energy and Environmental Design program (LEED), recognize that sustainability is a key feature of all buildings that can provide substantial community benefits and contribute to larger environmental goals;

THEREFORE BE IT RESOLVED that staff be directed to produce a report in the third quarter of 2019 describing steps required to introduce incentives, such as rebates equivalent to a portion of development charges paid, for green development initiatives for multi-residential and non-residential buildings based on one or more of the following:

1. Solar hot water system that provides for a minimum of 25% of the building's energy needs.
2. Transpired solar collectors that provides for a minimum of 10% of the building's energy needs.
3. Solar photovoltaic system that provides for a minimum of 5% of the building's energy needs.
4. Certification and registry with the Green Building Council of Canada as meeting current and applicable LEED certification requirements and/or its zero carbon standard.

CARRIED
