WHEREAS the report dated May 31st, 2017 presented to the Community Services Committee on June 19th 2017 called "Framework for Partnership Opportunities for Indoor Turf and Multi Purpose Facilities Interim Report" indicates that arena efficiencies should be sought for our current arena infrastructure;

AND WHEREAS Centennial Arena in Hanmer was built in 1972, and the Raymond Plourde Arena in Val Caron was built in 1974;

AND WHEREAS both arenas require an estimated \$3,000,000.00 dollars in renovations within the next 10 years according to building condition assessments, and both have an unknown cost of updates to ensure that each individual building is fully AODA compliant and to ensure proper operations of both;

AND WHEREAS there is evidence based information that indicates building twin pad arena facilities have capital and operational cost efficiencies for municipalities;

NOW THEREFORE BE IT RESOLVED that the City of Greater Sudbury Council directs staff to prepare a business case to replace various arenas and/or ice pads, with the build of a multi-pad/multi-purpose arena facility in Valley East, indicating the cost of the build, recommended location, efficiencies to be had, financial options for the build, and any/or all other information to assist Council with its deliberations, to be included in the 2018 budget process.
