Joe Rocca, Traffic and Asset Management Supervisor, stated that they did not have an update but would continue working on the request.

School Zone on MR15

Councillor Lapierre stated that the speed limit within the School Zone on MR15 is fast and asked if it could be reduced.

Zipper Merging

Councillor Reynolds asked if it would be possible to promote zipper merging in construction zones by using signs.

Tony Cecutti, General Manager of Infrastructure Services, stated that there are signs but that they are reluctant to promote zipper merging due to the Highway Traffic Act Regulations.

Future Discussions

Councillor Kirwan stated that the Operations department is going to be a big part of the audit report at it's regular meeting on October 4, 2016. Councillor Kirwan asked when Council will sit down and discuss whether they can continue doing the same thing to meet road maintenance requirements. He stated that a serious discussion will need to occur.

Tony Cecutti, General Manager of Infrastructure Services, stated that they have limited ability to raise funds though the tax levy. Further, he stated that plans are in place to make the best use of the money that is provided.
