Seconded By  **Date** 2015-08-10

WHEREAS it has been recognized that there is a need to devote as much of our available resources as possible on the re-construction and rehabilitation of the City's arterial and collector roads;

THEREFORE BE IT RESOLVED THAT the General Manager of Infrastructure Services be directed to provide a Report to the Finance and Administration Committee or City Council on or before October 27, 2015 consisting of a five-year plan which will contain recommended rehabilitation strategies and estimated costs by road classification subject to the following: That the top priority will be the satisfactory rehabilitation of the 741 lane kilometers of major roads and arterials through re-construction and/or rehabilitation with a variety of full restoration or large area patching;

AND THAT the next priority will be the satisfactory rehabilitation of the 616 lane kilometers of the collector roads through re-construction and/or rehabilitation with a variety of surface treatment or large area patching strategies; That all re-construction and/or rehabilitation of local roads will be limited to small- and large-area patching or pot-hole repair funded where possible through the operations budget lines for summer/winter maintenance program on an emergency or out of necessity basis until the first two priorities have been satisfied;
