QUESTION PERIOD

Train Derailment

Councillor Lapierre asked for an update on the Train derailment.

The Chief of Fire and Paramedic Services replied that the cleanup was ongoing and expected to be complete by midnight Wednesday. He noted most of the nine (9) cars that derailed were carrying rolls of steel and the only car carrying hazardous material was not involved in the derailment. Huron Central has a hundred year lease agreement with CP Rail for the area where a derailment occurred about five (5) years ago as well. He noted there is a culvert that washed out and caused a dip.

Dispatch Integration

Councillor Lapierre asked if there is an update on dispatch integration.

The General Manager of Health, Social and Emergency Services replied that the project is part of the tactical plan that was presented to Community Services in May. The project has been ongoing for a couple years and the RFP is expected to be out by the end of June, with results anticipated by the first quarter of 2016. He stated challenges in getting the project in operation included a \$14-Million upgrade to the 9-1-1 communication centre and a best practice review, which was conducted to see if another agency could be taken on and which resulted in 13 recommendations.

Adjournment

Cormier/Sizer: THAT this meeting does now adjourn. Time:
