The Director of Roads & Transportation Services advised that the City will communicate to contractors that RAP is acceptable in asphalt as per the Ontario Provincial Standards at the annual meeting.

### Snow Plowing and Sidewalks

Councillor Kett spoke of the problem of snowplowing streets where sidewalks are inconsistent. He asked if the snow plows can wing back the parts where there are no sidewalks.

The Director of Roads & Transportation Services advised that, where there are no sidewalks, there is usually a paved shoulder and the plows clear a wider area. He indicated specific areas can be investigated.
