Seconded By Councillor McIntosh Date Tuesday, March 9, 2021

Whereas the Report dated February 24, 2021 from the General Manager of Community Safety regarding Fire Protection Service Level Adjustment considers converting Station 16 to volunteer, and

Whereas the report indicates challenges associated with converting Station 16 to volunteer include that call volumes for Valley East volunteer stations may not be sustainable due to the increase in volunteer responses, and that recruitment and retention challenges for volunteer firefighters would be potentially exacerbated by an increase in volunteer responses, increasing the potential for short staff situations.

Therefore be it resolved that a report be presented to City Council with recommendations and estimated costs to modernizing our volunteer fire services that contemplates leveraging technology, solutions to address recruitment challenges, options to develop a mutual aid scenario, and options to implement response from home/work practices. ~
