Moved By Councillor CormierNo. CC2020- 314Seconded By Councillor McIntoshDate Tuesday, December 15, 2020

WHEREAS parking is currently prohibited on both sides of Prete Street between Benny Street and Connaught Avenue;

AND WHEREAS there are a number of multi-unit buildings on Prete Street;

AND WHEREAS the parking restrictions are creating challenges for visitors of those multi-unit buildings, often home and health care service providers, who have nowhere to park;

THEREFORE BE IT RESOLVED that the City of Greater Sudbury directs staff to present a by-law at the January 12th, 2021 City Council meeting to amend Traffic and Parking By-law 2010-1, as amended, to permit on street parking on the East side of Prete Street, between 15 meters south of Benny Street to 46 meters south of Benny Street.

CARRIED

Deputy Mayor, Landry-Altmann,
Chair

Moved By Councillor McCauslandNo. CC2020- 315Seconded By Councillor SignorettiDate Tuesday, December 15, 2020

WHEREAS a local architecture company, 3rd Line Studio, has developed a plan to renovate the Sudbury Community Arena into a multi-function event centre, and to do so for as little as 60% of the cost of building a new multi-function event centre;

AND WHEREAS the 3rdLine Studio plan, entitled Project Now, also includes an indoor parking facility which could address an identified parking need in Downtown Sudbury;

AND WHEREAS realizing up to 40% savings by renovating the historic Sudbury Community Arena into a multi-function event centre would potentially save up to \$40 million that the city could invest in other community recreation and infrastructure projects;

AND WHEREAS it has been proposed that design and engineering work on Project Now could begin immediately and construction could proceed without negatively affecting the operations of the Sudbury Wolves and Sudbury Five over a three-year construction period;

THEREFORE BE IT RESOLVED that the City of Greater Sudbury Council instruct the City's Large Projects Steering Committee to evaluate the Project Now plan and report back to council in the form of a report focusing on answering four questions:

1. Will the Project Now plan result in a multi-function event centre suitable to the city's needs as prescribed in the 2017 PWC report?;
2. Are the timelines associated with the Project Now plan feasible?;
3. What implications, if any, does the Project Now plan present that address the City's ongoing plans to address downtown parking needs or the City's other Large Projects?;
4. Is the cost structure of the Project Now plan reasonable for developing a clear understanding about the level of financing required for the plan's full cost?

5. To identify whether the Project Now plan would be eligible for Federal and Provincial Funding Programs for energy retrofits.

AND THAT this report be presented to council at the January 12th, 2021 City Council meeting.
