

Moved By Councillor Lapierre No. CS2020-23  
Seconded By Councillor Kivwan Date Monday, November 16, 2020

WHEREAS at the June 19, 2017 Community Services Committee meeting, Council directed staff to prepare a business case to replace various arenas and/or ice pads, with the build of a multi-pad/multi-purpose arena facility in Valley East;

AND WHEREAS Council has approved building program elements and site schematic for a Valley East Twin Pad Multi-Purpose Sports Complex to be located on Howard Armstrong Recreation Centre property, a 28 acre parcel of municipally owned parkland, which would not only provide space for the recreation complex and ample parking, but would create a convenient one stop destination for multigenerational households as it is also the site of the Valley East Public Library and Citizen Service Centre and provides a variety of outdoor recreational opportunities;

AND WHEREAS during the 2020 budget deliberations, \$227,000, was approved to advance the Valley East Twin Pad Multipurpose Sports Complex funded by reallocated capital dollars;

AND WHEREAS the City's arena infrastructure is aging and in need of major capital reinvestment over the next 10 years to remain viable and to meet Accessibility requirements, particularly those in the Valley East area, which make them ideal candidates to be decommissioned or repurposed;

AND WHEREAS this project would reduce the supply of ice pads to match existing and future demands;

AND WHEREAS during the October 20<sup>th</sup>, 2020 Finance and Administration Committee meeting, Council directed staff to include a business case for rationalizing facilities and improving utilization in the 2021 budget;

THEREFORE BE IT RESOLVED that the City of Greater Sudbury directs staff to present a business case for Council's consideration during the 2021 budget deliberations to advance the Valley East Twin Pad Multipurpose Sports Complex based on the development of the twin pad and potential reduction of other facilities.
