Dear Alex Sirqbusk.

"Re" 2726 Whippoorwill Ave, Sedbury

I am of the opinion that the above address was never four guest suites from day one they have been residential dwelling units.

There is a large recycle bin just inside the property beside the roadway. I am a 74 year old widow who collects pop and beer cans from all my neighbours with their blessings. I am on a very limited income as my husband's pension died with him. I've been told that the recycle bin has rules and regulations. I didn't point out that someone is throwing cigarette butts in the recycle. The woman Diane I believe is her name, said she ~~had~~ realized why I was removing beer cans from the recycle bin but I was to stop as I was trespassing. I disagree that I'm trespassing. Another neighbour said she'd come with me whenever I wanted to get beer cans from 2726 Whippoorwill's

recycle.

I do wish to be notified  
of the decision of the City of  
Greater Sudbury on the zoning  
by-law amendment.

Sincerely: Barbara J. Robb

2666 Sunset Ave.
