Re: File # 751-8/20-002

Sir,

Further to our conversation on June 23, please accept this letter as our request for a one-year extension for the zoning by-law amendment. We are still in the process of satisfying the concerns of the site alteration permit, but due to delays associated with the past pandemic we have encountered longer timelines.

Enclosed is the cheque for the one-year extension for the amount of \$1,705.00.

Trusting this will be satisfactory.

Yours truly,

Richard Rintala
Vice President
