Financial Implications

The Healthy Community Initiative (HCI) Fund is allocated within prescribed budgets. Approval of HCI capital projects includes approval of operating costs to be provided in the base budget in subsequent budget years to the operating department.

Background

By-law 2018-129 requires Council's approval for all Grant requests that meet Healthy Community Initiative (HCI) funding criteria and exceed \$1,000, result in an applicant receiving a cumulative total grant of more than \$1,000 in any calendar year or result in an event or initiative receiving a grant of more than \$1,000 due to applications by multiple participants. Council approval is required for all Capital requests that meet HCI funding criteria and exceed \$10,000. Eligible applications for Grant requests of \$1,000 or less and eligible Capital requests of \$10,000 or less that have an impact on the City's annual operating budget of less than \$5,000 may be approved by the General Manager (GM) of Community Development.

HCI Fund Applications and Financial Summary

Appendix A – Healthy Community Initiative Fund – Applications, lists HCI Fund requests by Ward as recommended by the GM of Community Development for approval by Council. All projects listed in Appendix A have been evaluated against By-law 2018-129 and its related criteria and have been verified to ensure sufficient funds are available within each Ward's funding allocation.

Appendix B – Healthy Community Initiative Fund – Application Outcomes, provides a list of HCI Fund applications that were approved or denied by the GM of Community Development since the last report presented at the City Council meeting on November 8, 2022.

Appendix C – Healthy Community Initiative Fund Financials, includes the recommended approvals contained in this report as well as a summary of HCI Fund allocation balances up to October 25, 2022. The amounts may be adjusted due to reimbursement of under-spent funds from completed and reconciled projects/initiatives.

Next Steps

Upon Council approval, applicants will receive written notification confirming their approved funding and the intended use of funds, and grant recipients will also receive a Post-project Final Report form. This form is to be completed by the applicant and returned following completion of their initiative for reconciliation by Financial Services.

Grant recipients will receive funding via electronic fund transfer or by cheque (where applicable) for the approved amount, whereas a capital funded project will be managed by the City of Greater Sudbury, working closely with the applicant.

During the pandemic, approved grant funds supporting social activities will be issued upon confirmation that the initiative can proceed pursuant to public health protocols or restrictions established by the Province of Ontario, Public Health Sudbury & Districts, the City of Greater Sudbury and/or other regulatory bodies.

HCI funded capital projects will be prioritized based on Leisure Services' (or other assigned operating department's) annual workplans and initiated within 24 months in accordance with the HCI policy.

Should an HCI fund request not be approved, the applicant will be notified of same.
