## Background

In accordance with generally accepted auditing standards, an annual audit plan must be approved by the Audit Committee. The objective of the audit plan is to identify audit areas and systems that will be reviewed during the external audit, explain the audit approach to be used, provide information with respect to the scope and timing of the audit and identify specific issues for the year under review.

Our external auditors will be providing a presentation with an overview of their External Audit Planning Report with respect to the 2022 year-end. The purpose of the presentation is to provide information to the Audit Committee relating to the activities of the City external auditors in discharging their audit responsibilities. The full External Audit Planning Report is attached for further detail.
