**Department/Agency Review:**

Building Services has advised that the owner has applied for a building permit for a third unit in the basement and has recently amended their application to include the demolition of the carport. Building Services has advised that the permit is ready to be issued pending the Zoning By-law amendment coming into effect and the payment of building permit fees. Planning Staff notes that the installation of the planting strip and fencing remains to be completed. The owner has requested an extension in order to complete the required works prior to the enactment of the amending by-law.

**Planning Considerations:**

Staff has no concerns related to the extension and no modifications to the conditions are required. The owner has requested an additional year in order to fulfill the above noted conditions of approval. Staff is therefore recommending a one-year extension in order to move this file towards completion.
