About Greater Sudbury

The City of Greater Sudbury was formed on January 1, 2001 and represents the amalgamation of the towns and cities which comprised the former Regional Municipality of Sudbury (Sudbury, Capreol, Nickel Centre, Onaping Falls, Rayside-Balfour, Valley East and Walden), as well as several unincorporated townships (Fraleck, Parkin, Aylmer, Mackelcan, Rathbun, Scadding, Dryden, Cleland and Dill).

The City of Greater Sudbury is centrally located in Northeastern Ontario at the convergence of three major highways. It is situated on the Canadian Shield in the Great Lakes Basin and is composed of a rich mix of urban, suburban, rural and wilderness environments. Greater Sudbury is 3,267 square kilometres in area, making it the geographically largest municipality in Ontario and second largest in Canada. Greater Sudbury is considered a city of lakes, containing 330 lakes and the largest lake contained within a city, Lake Wanapitei.

In 2015, Greater Sudbury was home to approximately 161,900 people. It is a multicultural and truly bilingual community. Over 26 per cent of people living in the City reported French as their mother tongue in 2011. There are 38 per cent of people that identified themselves as being bilingual. Italian, Finnish, German, Ukrainian and Polish are the top five non official languages spoken in the City. More than 8 per cent of people living in the City are First Nations.

Greater Sudbury is a world class mining centre. The City's mining companies employ approximately 6,000 people and support a 300-company mining supply and service sector cluster that employs a further 10,000 people. The City is also a regional centre in financial and business services, tourism, health care and research, education and government for Northeastern Ontario - an area that stretches from the Quebec border west to the eastern shore of Lake Superior and north to the James and Hudson's Bay coastlines – a market of 555,000.

Greater Sudbury is a regional hub for many Ontario residents who live in nearby communities. These visitors come to the city to visit with family and friends, for cultural and educational experiences, for health care, for entertainment, for shopping and for conducting business.

Message from Mayor

Every day, City Council works to ensure your tax dollars are being spent in a fiscally responsible manner. But it's just as important for the future of our community, and for the quality of life of our residents, to invest, seize opportunity and embrace change.

The 2015 municipal budget was passed with a 0 per cent tax increase, partially achieved by an approximate \$6 million draw from reserves. As a result, City staff was directed to find \$6 million in permanent savings.

Project 6 Million was launched in May and over six months, staff received more than 800 ideas from citizens and employees. We focused on finding the \$6 million while maintaining service levels and customer service excellence, as well as improving business processes and identifying efficiencies and opportunities. Staff worked diligently to ensure the project was a resounding success, with a total of \$6,050,249 in savings identified.

Here's a look at some of our key successes in 2015:

Growth and Economic Development: Grow the economy and attract investment

Large-scale initiatives are critical to the future of our city. In November 2015, Council hosted a public input session for organizations planning large projects with significant and lasting impacts on the future of our community. Sixteen bold, innovative projects were presented and four projects were chosen as a priority: Art Gallery of Sudbury/New Main Library, an Event Centre, Place des arts and the Synergy Centre.

Quality of Life and Place: Strengthen the high quality of life we already know and love

In June, Greater Sudbury had the honour of being a stop on the PAN AM Torch Run. The Grace Hartman Amphitheatre was packed with proud community members as local hockey gold medalist, Tessa Bonhomme, accepted the flame at Bell Park. We are so proud of our many successful athletes who are critical to encouraging a healthy lifestyle for our youth.

Responsive, Fiscally Prudent, Open Governance: Lead in public service excellence

Open Government is a concept endorsed by governments at all levels, and moves accountability and transparency to a higher and more comprehensive level. In 2015, Council adopted an Open Government model based on the principles of Open Information, Open Data, Open Dialogue and Open Doors. A big step in this initiative was the launch of the Open Data Portal, which provides residents access to our municipal government data and information to foster a transparent and open government. Open data is based on the idea that certain data should be freely available to everyone to use and republish, without restrictions from copyright, patents or other mechanisms of control.

Sustainable Infrastructure: Prioritize, build and rebuild our community's foundation

As a resident of Greater Sudbury, I understand how important the quality of our roads is to your everyday life. There were countless road projects in 2015, including the completion of the improvements at the intersection at Lasalle and Notre Dame, a project which began in 2013. This is one of the busiest intersections in the city, with more than 50,000 vehicles travelling through per day.

We have taken some major steps forward in 2015 with key improvements to our infrastructure, investments in our recreational facilities, and efficiencies found in our operational procedures. I am looking forward to seizing many opportunities to ensure the growth of our community in the short term, but that will also have a lasting impact on our future.

Yours sincerely,

Brian Bigger
Mayor

Message from Interim CAO

It's been a year of accomplishments for the City of Greater Sudbury. These successes are reflective of our Vision, Mission and Values as an organization, and also support City Council's four strategic pillars of Growth and Economic Development; Quality of Life and Place; Sustainable Infrastructure; and Responsive, Fiscally Prudent, Open Governance.

The City's path is shaped by Greater Together, the 2015-2018 Corporate Strategic Plan, which outlines actions and goals based on these four pillars. It contributes to the future success and growth of our city, and to the improvement of services for our residents, and the community as a whole.

With more than 160,000 citizens spread out across 3,267 square kilometres, we are committed to managing our resources efficiently, and are always looking for ways to improve. We strive for excellence in service for residents across our great city, which just happens to be one of the largest geographic areas of any municipality in Ontario.

In 2015, the City managed an operating budget of \$514 million, dedicated to day-to-day operations, including programs and services in more than 30 diverse sectors. Within that amount, the City managed a capital budget of \$110 million, for one-time expenditures and projects such as road construction, recreational facilities, building upgrades, and equipment renewal and replacements. Approximately 24 per cent of the municipal tax levy was spent on roads. Public safety, including police, fire and emergency medical service amounted to 32 per cent and other services, such as health and social services, leisure and recreation, growth and development, libraries, transit, and garbage and recycling, accounted for the remaining 44 per cent.

The 2015 municipal budget was passed with a 0 per cent tax increase, partially achieved by an approximate \$6 million draw from reserves. As a result, City staff was directed by Council to find \$6 million in permanent savings.

Project 6 Million, dubbed P6M, was officially launched in May 2015. Over the course of six months, staff received, reviewed and responded to more than 800 ideas from citizens and employees. We focused on finding the \$6 million while maintaining service levels and customer service excellence, as well as improving business processes and identifying efficiencies and opportunities. P6M was an intense undertaking, involving an ambitious objective with a tight deadline. Staff worked diligently and the project was a resounding success, with a total of \$6,050,249 in savings achieved.

Also of note in 2015, was the commissioning of the City of Greater Sudbury Biosolids Management Facility. A huge milestone was met when the facility became operational in the summer of 2015, on time and on budget. This state-of-the-art, award-winning, facility is the first of its kind in northern Ontario and establishes our city as a leader in environmentally sound water/wastewater processing. Construction started in July 2013 and the project is the City's first public-private partnership. N-Viro, a Canadian-owned consortium, was hired to design, build, maintain and operate the facility for 20 years, however, full ownership of the facility remains with the City. The Government of Canada has contributed \$11 million through the P3 Canada Fund to support the project.

The improvement of our sports facilities was also on the agenda for 2015. In September, the Chelmsford Community Centre/Arena re-opened its doors after a \$2.6 million rehabilitation. The renovations included a new ice pad with sub-surface heating system to prevent future frost heave, new rink boards and safety glass, new bleacher seating, new LED lighting, protective netting, additional dressing and tournament rooms, renovations to the lobby, fresh paint, and health and safety upgrades, including improved accessibility. Greater Sudbury's families are now enjoying their refreshed arena, one of many city facilities that contribute to the health and well being, and quality of life of our residents.

These important projects are just the tip of the iceberg in a busy and exciting year for the City of Greater Sudbury. I am looking forward to the continued growth of our city and the improvement of services for our residents, as we continue to work together toward an even Greater Sudbury.

Kevin Fowke
Interim Chief Administrative Officer

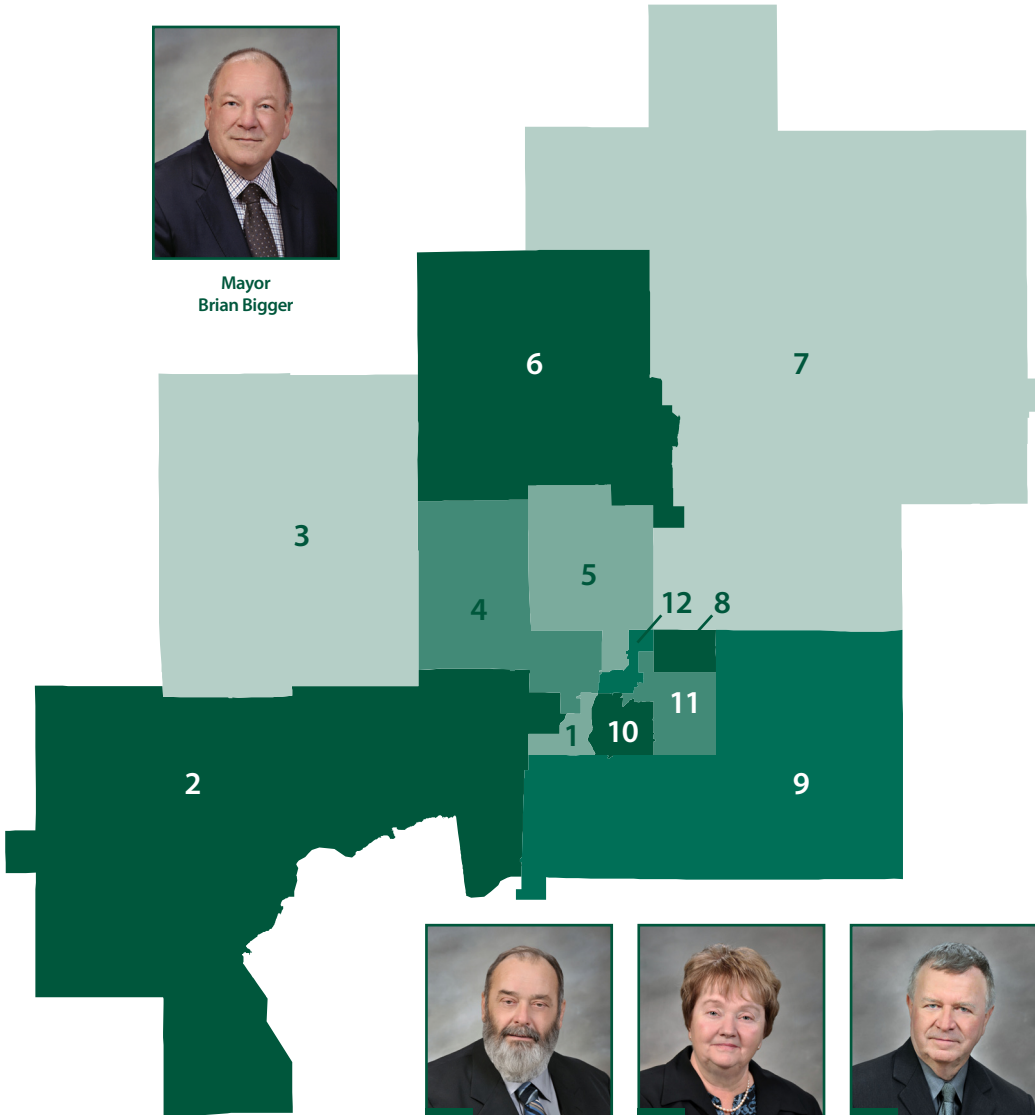

City Council

The Council of the City of Greater Sudbury is composed of a Mayor, who represents the City as a whole and twelve Councillors, each of who represents a specific ward, or geographic area, of the community.

Council is elected for a four year term, with the current term of office ending November 30, 2018. The decisions of Council impact on how municipal services are provided to you our citizens. Council is also the decision making body for the City of Greater Sudbury as an organization.

Vision, Mission, Values

Vision

A growing community, recognized for innovation, leadership, resourcefulness and a great northern lifestyle.

Mission

Providing quality municipal services and leadership in the social, environmental and economic development of the City of greater Sudbury.

Values

As stewards of the City of Greater Sudbury, we believe in recognizing the specific needs of all our citizens in urban, rural and suburban areas, and are guided by our belief in:

- Acting today in the interests of tomorrow
- Providing quality service with a citizen focus
- Embodying openness and transparency
- Communicating honestly and effectively
- Creating a climate of trust and a collegial working environment to manage our resources efficiently, responsibly and effectively
- Encouraging innovation, continuous improvement and creativity
- Fostering a culture of collaboration
- Ensuring an inclusive, accessible community for all
- Respecting our people and our places.

Strategic Goals and Strategies

The 2015-2018 Corporate Strategic Plan reflects the vision, mission and values of the City of Greater Sudbury. Taking advantage of emerging opportunities will ensure great things happen in Greater Sudbury. The focus and intention of Council and the City toward key priorities will contribute to great outcomes for citizens and the community as a whole.

The 2015-2018 Priorities of Council are:

1. Sustainable Infrastructure
2. Quality of Life and Place
3. Responsive, Fiscally Prudent, Open Governance
4. Growth and Economic Development

These broad strategic key pillars help the City of Greater Sudbury in managing an annual operating budget of in excess of \$514 million.

Message from Interim Chief Financial Officer/Treasurer

It is my pleasure to submit the 2015 Annual Financial Report for the City of Greater Sudbury. In addition to the consolidated financial results for the year ended December 31, 2015, this report highlights key financial policies, the annual budget

process and other information regarding financial performance of the City's programs and services.

Financial Reporting

ANNUAL REPORT AND CONSOLIDATED FINANCIAL STATEMENT

The City of Greater Sudbury's management is responsible for all information contained in the Annual Financial Report. This report provides the annual consolidated financial results for the City of Greater Sudbury for the year ending December 31, 2015 prepared in accordance with legislation and generally accepted accounting principles for public sector entities as defined in the Public Sector Accounting Handbook.

The Consolidated Financial Statements include all organizations that are owned or controlled by the City. Some entities are fully consolidated, which means that the financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity.

Government business enterprises are recorded using the modified equity method which means that the entity's accounting principles are not adjusted to conform to those of the City and inter-entity transactions and balances are not eliminated.

Fully consolidated entities include:

- Greater Sudbury Housing Corporation
- Greater Sudbury Police Services Board
- Downtown Sudbury
- Flour Mill Business Improvement Area
- Greater Sudbury Public Library Board.

Government Business Enterprises include:

- Greater Sudbury Airport Community Development Corporation
- Greater Sudbury Utilities Inc.

The budget presented in the 2015 consolidated financial statements has been restated to conform to the Public Sector Accounting Standards. The standards require that all interfund transfers, capital expenditures, and debt principal repayments be removed and amortization, employee future benefits and landfill closure and post closure costs be included. Note 17 to the financial statements reconciles the 2015 approved operating and capital budgets, as approved by Council, adding the approved consolidated board budgets, in year budget adjustments in accordance with the Operating Budget Policy and Capital Budget Policy and adjusted for the items noted above.

FINANCIAL ACCOUNTABILITY

Performance Measurement and Benchmarking

The City participated in the BMA Municipal Study that is based upon well-developed methodologies. In 2015 Council approved the withdrawal of the City from the Ontario Municipal CAOs Benchmarking Initiative (OMBI). At that time, Council also reaffirmed its support for the continued use of locally relevant performance measurement at the City. Benchmarks, or key performance indicators (KPI), can enhance the presentation and explanation of outcomes achieved in the delivery of municipal services.

Developing a robust framework for assessing municipal services, which includes key performance indicators, requires several fundamental inputs, including clearly defined S.M.A.R.T. (Specific, Measurable, Achievable, Results-focused, Time-bound) goals for each major service the City delivers.

With the acceptance of Council's 4 strategic pillars, in 2016 an organization-wide implementation plan will be developed referencing the above-noted pillars. The plans should encompass each significant service within the departments and provide clearly defined S.M.A.R.T. goals for each that would be supported by meaningful key performance indicators.

In addition, the City belongs to several industry-specific organizations, which collaboratively compile and analyze benchmarking data to determine where service improvements can be made.

Additional information relating to Performance Measurement can be found at Performance Measurement on the City's website.

Financial Management

The City of Greater Sudbury maintains appropriate systems of internal controls to ensure effective financial management, reliable and relevant financial information, and that assets are safeguarded. Management systems, policies and by-laws are in place for financial management, accounting, budgeting and other processes as required to ensure that transactions are appropriately authorized and recorded, and the integrity and completeness of financial records are assured. Key policies and by-laws include but are not limited to the City's Delegation By-Law, Purchasing By-Law, Reserve and Reserve Fund By-Law, Operating Budget Policy, Capital Budget Policy, Purchasing Authority Policy and Investment Policy.

TOWARD FISCAL SUSTAINABILITY PLAN

The Toward Fiscal Sustainability Plan (the Plan) was designed to ensure that the City is fiscally sustainable and has sufficient resources to provide the services that the community expects over the long term. The Plan laid out priorities and action items to manage fiscal challenges and opportunities facing our City. The goal is to build a self-sustaining community, with sound infrastructure, and an excellent quality of life.

The Long Term Financial Plan (LTFP) financial principles and policies and the Toward Fiscal Sustainability Plan have been designed to ensure the City attains financial sustainability and has sufficient resources to provide the services that the community expects.

In 2016 the City will be going out with Request for Proposal to update the Long Term Financial Plan.

LONG TERM DEBT

One of the principles in the LTFP, states that debt financing should be used, where appropriate. More specifically, debt financing should only be considered for new, non-recurring infrastructure requirements, programs and facilities which are self-supporting and projects where the cost of deferring expenses exceeds debt servicing costs.

With the completion of two major construction projects for a total cost of \$95.8 million (Biosolids Management Facility \$69.9M and Fleet/Transit Garage 25.9M) the City approved debt financing, to partially fund these two significant projects.

The City financed a total of \$60.8M for the construction of the Biosolids Management Facility (\$46.8M) and the Fleet/Transit Garage (\$14M).

RESERVE AND RESERVE FUNDS

The City maintains reserve and reserve funds in accordance with the Reserve and Reserve Fund By-law. They are a critical component of a municipality's long-term financial plan. The purpose of maintaining reserves and reserve funds is to:

- Provide stability for tax rates in the face of variable and uncontrollable factors (consumption, interest rates, unemployment rates, changes in subsidies)
- Provide financing for one-time or short term requirements without permanently impacting tax and utility rates
- Make provisions for the replacement/acquisition of assets/infrastructure that are currently being consumed and depreciated
- Avoid spikes in funding requirements of the capital budget by reducing reliance on long-term debt borrowings
- Provide a source of internal financing
- Ensure adequate cash flows
- Provide flexibility to manage debt levels and protect the municipality's financial position
- Provide for future liabilities incurred in the current year but paid for in the future.

Reserves and reserve funds offer liquidity which enhances the municipality's flexibility, both in addressing unplanned operating requirements and in permitting the municipality to temporarily fund capital projects internally. The level of reserves and reserve funds is a key measure of the financial health of a municipality.

DEVELOPMENT CHARGES

Development charges are collected by municipalities to recover a portion of the growth-related costs associated with the capital infrastructure needed to service new development. Each year, Financial Services, in consultation with Project Managers review the Capital Budget to determine if there are any growth related projects that are eligible for development charges. The City finances the growth related portion of capital projects and at the end of each year, the capital projects are reviewed, and the growth related portion of the capital costs are identified. The actual development charges revenues collected during the year are then applied to fund the growth related portion of the project as identified in the current Development Charges Background Study.

In November of 2015 the City approved a by law authorize the Chief Financial Officer/Treasurer to approve the deferral of payment of development charges for residential buildings in certain circumstances, to execute agreements regarding the terms of the deferral and to authorize the issuance of a building permit upon such an agreement coming into effect. The program allows for development charges to be deferred to the earlier of six months after the date of issuance of the building permit, or the date on which an occupancy permit was issued. This program became effective December 1, 2015.

EXTERNAL AUDITORS

The City's external auditor is PricewaterhouseCoopers LLP, Chartered Accountants (PWC). The role of the external auditor is to express an opinion on the annual consolidated financial statements based on their audit. The auditor expresses their opinion in their Independent Auditor's Report that is attached to the consolidated financial statements. Their opinion confirms that the statements are free from material misstatement. The external auditor also advises management and Council of any control or operational issues identified during their audit.

For the year ended December 31, 2015, PWC issued an unqualified audit opinion, meaning that in all material respects, the financial position of the City of Greater Sudbury and the results of its operations are free from material misstatements.

AUDIT COMMITTEE

The mandate of the Audit Committee is to provide oversight to the Auditor General and to the external auditors and consists of full Council. The Committee's responsibilities are to review internal and external audit reports including the Auditor General's reports, work plans and the approval of the external auditors annual audit plan, review the annual audited consolidated financial statements and external audit finding reports.

2015 Budget

The annual budget process is guided by City Council, through the Finance and Administration Committee. Seven departments are responsible for overseeing numerous programs and services that keep the City running every day, and provide a great northern lifestyle to residents.

The City of Greater Sudbury's municipal budget rests on building blocks for fiscal sustainability: revenues to match expenses, capital renewal, preservation of municipal services, and moderate levels of property taxation.

BUDGET PROCESS

Council annually approves two budgets: an operating budget and a capital budget. The operating budget is prepared using the modified cash basis and provides for operational expenses such as salaries and benefits, materials, grants etc. The capital budget is for the acquisition and rehabilitation of tangible capital assets and includes a four year outlook.

The first stage of the budget process is prepared in accordance with the Budget Preparation Policy. An analysis is prepared of inflationary pressures such as wage adjustments in accordance with collective bargaining agreements, contract and material price increases.

Operating departments and Financial Services staff review projected year end actuals against budgets to identify variances such as overruns, areas that need more resources to maintain service levels or items that can be cut or reduced while still maintaining service levels. Also, a review of historical trend analysis is performed to verify the accuracy of the budget. Any adjustments are in accordance with the Budget Preparation Policy. The budget also reflects any known funding approvals from senior levels of government or partnerships. Any requests for additional permanent staff must be approved by Council. The program support allocations and internal recoveries are in accordance with Ontario Municipal Benchmarking Initiative (OMBI) methodology as required by the Ministry of Municipal Affairs and Housing (MMAH).

A review is also conducted of mandatory pressures, such as, provincially mandated programs and service contracts, costs to service growth, as well as annualization pressures of prior year Council decisions and commitments.

Assessment growth is applied to total pressures to reduce the impact on tax levy requirements. The 2015 base budget increase maintained existing service levels and standards, with a zero (0%) inflation based increase.

The final stage of budget review addresses enhancement requests. All enhancement requests, if approved by the CAO, are presented to a Standing Committee for review and referred to the Finance and Administration Committee for approval. Council provides the final approval of the operating and capital budgets. Monitoring and/or amendments to the Council Approved Budgets are made in accordance with Operating Budget Policy and the Capital Budget Policy.

The Council approved budgets are monitored on a regular basis by departments in accordance with the Operating Budget Policy and the Capital Budget Policy. These policies provide fiscal control and accountability related to the approved budgets and provides for monitoring of the budgets. On a quarterly basis the Finance and Administration Committee reviews variance reports including a year-end projection of operating revenues and expenditures. The variance reports provide Council with an overview of potential year-end variances by division or section. Also on a quarterly basis, the Finance and Administration Committee review a Capital Variance Report for completed projects.

The City of Greater Sudbury is constantly looking at ways to improve its financial sustainability through a balanced approach to financial management in order to create a sustainable financial position today, and for the future.

Municipal Services received for \$1,000 in 2015 based on Budget

2016 Outlook

PROJECT 6 MILLION AND BUDGET 2016

The 2015 budget was passed with a zero percent tax increase, which was partially achieved by way of a draw from reserves of approximately \$6 million. Staff were then directed to implement a strategy to achieve a target of \$6 million in permanent savings through a combination of attrition, reductions in purchased contract services, and user fee revenues in 2016. Departments identified initiatives and responded to ideas associated with their respective areas.

The \$6 million in savings was achieved, \$3.9M of which was through attrition. Ideas that were identified as having potential future savings, efficiencies, or which present an opportunity for improved customer service or business process, but which require more time to review and/or implement will be pursued over the course of the next several years.

The City approved a 3.9% budget increase, after assessment growth for 2016.

OPEN GOVERNMENT AND OPEN DATA

The City of Greater Sudbury formally adopted a model of Open Government based on the principles of Open Information, Open Data, Open Dialogue, and Open Doors.

Open Government is a movement that is endorsed internationally, federally and provincially which moves accountability and transparency to a higher and more comprehensive level. While each government that has endorsed Open Government has slightly different models that reflect their communities, cultures and priorities, all have common themes which can be summarized as follows:

- Working with and communicating to the public and involving citizens in decision-making (Open Dialogue)
- Opening up and proactively releasing government information (Open Information)
- Making data a publically available tool or asset (Open Data)
- Implementing measures or plans for accountability and oversight of government actions (Open Doors).

Council has voted to adopt a policy and licensing standards that will open municipal datasets to the public at no charge for reuse with minimal restrictions. An open data portal was made available online at www.greatersudbury.ca/opendata in mid-2015 for download of data in machine-readable formats.

The City's investments have increased from 2014 from \$263 million to \$290 million.

Investments in GBEs are the City's investments in the Sudbury Airport Community Development Corporation and Greater Sudbury Utilities Inc. The investment is comprised of notes receivable and the accumulated surplus of the two corporations.

Financial liabilities summary

The City's financial liabilities are mostly comprised of accounts payable, employee benefit obligations and long term liabilities. Financial liabilities have increased slightly from \$277 million to \$279 million.

Accounts payable and accrued liabilities decreased by 70% or \$53 million (due to Biosolids Plant of \$50 million – now moved to long term debt) and amounts owing to suppliers, employees and other vendors.

Employee benefit obligations have increased by 1% from 2014. These obligations are for post-employment benefits, vacation pay accrued, sick leave and WSIB.

Long term liabilities for 2015 are \$88 million, an increase of 60% from 2014 (due to Biosolids Plant and Transit/ Fleet Garage) and are comprised of long term debt to acquire tangible capital assets and accrued obligations for Health Sciences North and Laurentian University Ontario School of Architecture among others.

Accumulated surplus breakdown

Accumulated Surplus is comprised of the City's investments in Tangible Capital Assets (TCA), Government Business Enterprises (GBE); unfunded liabilities, committed capital projects, and reserves and reserve funds.

CONSOLIDATED STATEMENT OF OPERATIONS

Revenues

The City's Revenues increased by 2.2% from \$538 million in 2014 to \$550 million. Revenues financed operations and the acquisition of tangible capital assets. Revenues are comprised of government transfers, taxation, user charges, donated tangible capital assets and miscellaneous recoveries.

The main reason for the increase in revenues can be attributed to the Federal funding received for Capital projects in particular for the Biosolids Plant (\$11M).

Awards

Government Finance Officers Association Award for Financial Reporting

The City of Greater Sudbury’s Annual Financial Report 2014 has won the Government Finance Officers Association Award for Financial Reporting. This award program encourages innovative financial reporting and maintains a high quality standard that is recognized amongst peers.

The Excellence in Municipal Risk Management Award

This national award recognizes excellence in municipal risk management.

The City of Greater Sudbury on a yearly basis receives claims where citizens reported damage as a result of work completed by contractors. These claims created by the contractors were being directed by the contractors to the City.

Risk Management Section has managed to:

1. Streamline the process whereby a citizen can bring a claim forth directly to a contractor doing work on municipal property.
2. Reduce the number of claims being presented to the City that are a result of contractor’s work.
3. Reduce our expenses and costs in dealing with claims created by contractor’s work.
4. Reduce citizen complaints.

Details

- Prior to 2015 the City experienced 55 to 65 claims with estimated expenses for handling costs at over \$12,000.
- After implementation of the program our 2015 claims received for contractors work were reduced to a total of 29 and related expenses were under \$1,500.

Our program has gained attention and we trust will be utilized by other municipalities across the country.

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the City of Greater Sudbury (the "City") are the responsibility of the City's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of Chartered Professional Accountants of Canada. A summary of the significant accounting policies is described in Note 1 to the consolidated financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The City's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by Management.

Council meets with Management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by PricewaterhouseCoopers LLP, independent external auditors appointed by the City. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the City's consolidated financial statements.

Independent Auditor's Report

To the Members of Council, Inhabitants and Ratepayers of the City of Greater Sudbury

We have audited the accompanying consolidated financial statements of the City of Greater Sudbury, which comprise the consolidated statements of financial position as at December 31, 2015 and the consolidated statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the City of Greater Sudbury as at December 31, 2015 and the results of its operations, changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Other matters

The accompanying financial statement schedules as at and for the year ended December 31, 2015 are presented as supplementary information only and are not a required part of the basic consolidated financial statements. The information in these schedules has been subject to audit procedures only to the extent necessary to express an opinion on the consolidated financial statements of the City of Greater Sudbury.

CITY OF GREATER SUDBURY

Notes to Consolidated Financial Statements
(in thousands of dollars)
Year ended December 31, 2015

The City of Greater Sudbury is a municipality in the Province of Ontario, Canada. It conducts its operations guided by the provisions of provincial statutes including the Municipal Act 2001, Provincial Offences Act and other related legislation.

1. Significant accounting policies

The consolidated financial statements of the City of Greater Sudbury (the "City") are prepared by management in accordance with Canadian generally accepted accounting principles established by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

(a) Reporting entity

(i) Consolidated Entities

These consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all organizations, committees and local boards accountable for the administration of their financial affairs and resources to the City and which are owned or controlled by the City. These boards, organizations and entities include:

Greater Sudbury Housing Corporation
Greater Sudbury Police Services Board
Downtown Sudbury
Flour Mill Business Improvement Area
Greater Sudbury Public Library Board

All interdepartmental and inter-organizational assets and liabilities and revenue and expenses have been eliminated.

(ii) Related Entities

These consolidated financial statements do not reflect the assets, liabilities, sources of financing, expenses and the activities of the following boards, organizations and entities which are not under the control of Council:

Nickel District Conservation Authority
Sudbury & District Health Unit
City of Greater Sudbury Community Development Corporation

(a) Reporting entity (continued)

(ii) Related Entities (continued)

The following contributions were made by the City to these entities

| | 2015 | 2014 |
|---|-----------------|-----------------|
| Nickel District Conservation Authority | \$ 655 | \$ 655 |
| Sudbury & District Health Unit | 5,773 | 5,659 |
| City of Greater Sudbury Community Development Corporation | 1,597 | 1,530 |
| | <u>\$ 8,025</u> | <u>\$ 7,844</u> |

(iii) Investment in Government Business Enterprises

Government Business Enterprises comprised of the Greater Sudbury Utilities Inc./Services Publics du Grand Sudbury Inc. (GSU), and the Sudbury Airport Community Development Corporation (SACDC), are accounted for by the modified equity method.

Under the modified equity method, the business enterprise's accounting principles are not adjusted to conform with those of the City and inter-organization transactions and balances are not eliminated.

(iv) Accounting for School Board Transactions

The taxation, other revenues, expenses, assets and liabilities of Le Conseil Scolaire de District Catholique du Nouvel-Ontario, Sudbury Catholic District School Board, Rainbow District School Board and Conseil Scolaire Du District Du Grand Nord De L'Ontario are not reflected in these consolidated financial statements.

(b) Revenue recognition

Government Transfers

Government transfers are transfers from senior levels of government that are not the result of an exchange transaction and are not expected to be repaid in the future. Government transfers without eligibility criteria or stipulations are recognized as revenue when the transfer is authorized. A transfer with eligibility criteria is recognized as revenue when the transfer is authorized and all eligibility criteria have been met. A transfer with or without eligibility criteria but with stipulations is recognized as revenue in the period the transfer is authorized and all eligibility criteria have been met, except where and to the extent that the transfer gives rise to an obligation that meets the definition of a liability for the City.

(b) Revenue recognition (continued)

Taxation and related revenues

Annually, the City bills and collects property tax revenues for municipal purposes as well as provincial education taxes on behalf of the Province of Ontario (the "Province") for education purposes. The authority to levy and collect property taxes is established under the Municipal Act, 2001, the Assessment Act, the Education Act, and other legislation.

The amount of the total annual municipal property tax levy is determined each year through Council's approval of the annual operating budget. Municipal tax rates are set annually by Council for each class or type of property, in accordance with legislation and Council approved policies, in order to raise the revenues required to meet operating budget requirements. Education tax rates are established by the Province each year in order to fund the cost of education on a Province wide basis.

Property assessments, on which property taxes are based, are established by the Municipal Property Assessment Corporation (MPAC), a not-for-profit corporation funded by all of Ontario's Municipalities. The current value assessment (CVA) of a property represents an estimated market value of a property as of a fixed date. Assessed values for all properties within the municipality are provided to the City in the returned assessment roll in December of each year.

The amount of property tax levied on an individual property is the product of the CVA of the property (assessed by MPAC), the municipal tax rate for the class (approved by Council) and the education rates (approved by the Province), together with any adjustments that reflect Council approved mitigation or other tax policy measures, rebate programs, etc.

Property taxes are billed by the City twice annually. The interim billing, issued in February is based on approximately 50% of the total property taxes in the previous year, and provides for the cash requirements of the City for the initial part of the year. Final bills are issued in May.

Taxation revenues are recorded at the time tax billings are issued. Additional property tax revenue can be added throughout the year, related to new properties that become occupied, or that become subject to property tax, after the return of the annual assessment roll used for billing purposes. The City may receive up to four supplementary assessment rolls over the course of the year from MPAC, identifying new or omitted assessments. Property taxes for these supplementary and/or omitted amounts are then billed according to the approved tax rate for the property class and on the supplementary/omitted due dates approved by Council.

1. Significant accounting policies (continued)

(b) Revenue recognition (continued)

Taxation and related revenues (continued)

Taxation revenues in any year may also be reduced by reductions in assessment values resulting from assessment and/or property tax appeals. Each year, an amount is identified within the annual operating budget and accrued in the consolidated financial statements to cover the estimated amount of revenue loss attributable to assessment appeals, tax appeals or other deficiencies in tax revenues (i.e. uncollectible amounts, write offs, etc.).

In the City of Greater Sudbury, annual property tax increases for properties within the commercial, industrial and multi-residential tax classes have been subject to limitations on the maximum allowable year-over-year increase since 1998, in order to mitigate dramatic tax increases due to changes in assessed values.

User Charges

User charges relate to various programs, and fees imposed based on specific activities, such as: transit fees, leisure services, water, wastewater and solid waste. Revenue is recognized when the activity is performed or when the services are rendered.

Fines and Penalties

Fines and penalties revenue is primarily generated from the Provincial Offences Administration (POA) office.

The POA is a procedural law for administering and prosecuting provincial offences, including those committed under the Highway Traffic Act, Compulsory Automobile Insurance Act, Trespass to Property Act, Liquor License Act, Municipal By-Laws and minor federal offences. The POA governs all aspects of legal process from serving notice to a defendant, to conducting trials, including sentencing and appeals.

Balances arising from operation of the POA office have been consolidated with these consolidated financial statements. The City cannot reliably estimate the collections of this revenue, accordingly, revenue is recognized on the cash basis.

Other Revenue

Other revenues are recognized in the year that the events giving rise to the revenues occur and the revenues are earned. Amounts received which relate to revenues that will be earned in a subsequent year, are deferred and reported as liabilities.

CITY OF GREATER SUDBURY

Notes to Consolidated Financial Statements
(in thousands of dollars)
Year ended December 31, 2015

1. Significant accounting policies (continued)

(c) Investments and Investment Income

Investments are recorded at cost less any amounts written off to reflect a permanent decline in value.

Investment income is reported as revenue in the period earned. Investment income earned on reserve funds that are set aside for specific purposes by legislation, regulation or agreement, is added to the fund balance and forms part of the respective deferred revenue balances.

(d) Inventory held for resale

Inventory held for resale consisting of surplus land and cemetery plots, is recorded at the lower of cost and net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing.

(e) Pensions and Employee Benefits

The City makes contributions to the Ontario Municipal Employees' Retirement System plan (OMERS), a multi-employer pension plan, on behalf of most of its employees. The plan is a defined benefit plan that specifies the amount of the retirement benefit to be received by the employees based on length of service and rates of pay. Employees and employers contribute jointly to the plan.

Because OMERS is a multi-employer pension plan, the City does not recognize any share of the pension plan deficit, as this is a joint responsibility of all Ontario municipalities and their employees. Employer's contributions for current and past service are included as an expense on the consolidated statement of operations and accumulated surplus.

The amount contributed to OMERS and expensed in 2015 was \$16,227 (2014 - \$15,596). As of December 31, 2015 the OMERS plan, with approximately 461,000 members, has a funding deficit of \$5,259,000 (2014 - \$5,307,000).

Vacation entitlements are accrued for as entitlements are earned.

Sick leave benefits are accrued when they are vested and subject to pay out when an eligible employee leaves the City's employ.

Other post-employment benefits are accrued in accordance with the projected benefit method prorated on service and management's best estimate of salary escalation and retirement ages of employees. The discount rate used to determine the accrued benefit obligation was determined with reference to the City's cost of borrowing at the measurement date taking into account the cash flows that match the timing and amount of expected benefit payments.

Actuarial gains (losses) on the accrued benefit obligation arise from the difference between actual and expected experiences and from changes in actuarial assumptions used to determine the accrued benefit obligation. These gains (losses) are amortized over the average remaining service period of active employees.

1. Significant accounting policies (continued)

(f) Deferred Revenue - Obligatory Reserve Funds

The City receives certain sub-divider contributions and other revenues under the authority of federal and provincial legislation and City by-laws. These funds, by their nature, are restricted in their use and, until applied to specific expenses, are recorded as deferred revenue. Amounts applied to qualifying expenses are recorded as revenue in the fiscal period they are expended.

(g) Deferred Revenue – Other

The City receives certain amounts pursuant to funding agreements that may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recorded as deferred revenue and are recognized as revenue in the fiscal year the eligibility criteria has been met (i.e. related expenses are incurred, services are performed) except when stipulations are present and to the extent that the transfer give rise to an obligation that meets the definition of a liability.

(h) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight-line basis over their estimated useful lives as follows:

| Asset | Useful Life - Years |
|-------------------------------------|---------------------|
| General Capital | |
| Landfill and land improvements | 15 - 75 years |
| Buildings | 15 - 60 years |
| Machinery, furniture and equipment | 2 - 50 years |
| Vehicles | 2 - 20 years |
| Infrastructure | |
| Land improvements | 50 - 100 years |
| Plants and facilities | 10 - 60 years |
| Roads infrastructure | 10 - 75 years |
| Water and wastewater infrastructure | 40 - 100 years |

Landfill sites are amortized using the units of production method based upon the capacity used during the year.

Amortization is charged from the date of acquisition to the date of disposal. Assets under construction are not amortized until the asset is put into service.

1. Significant accounting policies (continued)

(h) Non financial assets (continued)

(i) Tangible Capital Assets (continued)

(i) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and are also recorded as revenue.

(ii) Capital interest

Interest is capitalized whenever external debt is issued to finance the construction of tangible capital assets.

(iii) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(iv) Inventory

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

(v) Tangible capital assets disclosed at nominal values

Where an estimate of fair value could not be made or where there was no future benefit related to the asset, the tangible capital asset was recognized at a nominal value. Land, buildings and machinery, furniture and equipment are the categories where nominal values were assigned.

(vi) Works of art and historical treasures

The City manages and controls various works of art and non-operational historical cultural assets including buildings, artifacts, paintings and sculptures located at City sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized.

(i) Landfill closure and post closure liability

The costs to close existing landfill sites and to maintain closed solid waste landfill sites are based on estimated future expenditures in perpetuity in current dollars, adjusted for estimated inflation. The estimated liability for active sites is recognized as the landfills site capacity is used. These costs are reported as a liability on the consolidated statement of financial position.

1. Significant accounting policies (continued)

(j) Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods.

Significant items subject to such estimates and assumptions include valuation allowances for taxes receivable, accounts receivable and post-employment benefits. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

In addition, the City's implementation of the Public Sector Accounting Handbook PS 3150 in 2009 has required management to make estimates of historical cost and useful lives of tangible capital assets.

Actual results could differ from these estimates.

2. Accounting Standards issued but not yet adopted

PS 2200, Related Party Disclosures is effective for fiscal years beginning on or after April 1, 2017, early adoption is permitted. This section provides guidance on the definition and identification of related parties including key management personnel and establishes disclosure requirements for related party transactions. The City has not yet adopted this standard or determined the effect on the consolidated financial statements.

Also, PS 3420, Inter-Entity Transactions is effective for fiscal years beginning on or after April 1, 2017, early adoption is permitted. This standard establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective. This section provides guidance on the recognition, measurement, presentation and disclosure of inter-entity transactions. The City has not yet adopted this standard or determined the effect on the consolidated financial statements.

Section PS 3210, Assets, Section PS 3320, Contingent assets and Section PS 3380, Contractual rights are effective for fiscal year beginning on or after April 1, 2017. Earlier adoption is permitted. The objective of these standards is to provide guidance on applying the definition of assets, contingent assets and contractual rights and establish their respective general disclosures standards. The City has not yet adopted this standard or determined the effect on the consolidated financial statements.

Section PS 3430, Restructuring transactions is effective for fiscal year beginning on or after April 1, 2018. Earlier adoption is permitted. This Section establishes standards on how to account for and report restructuring transactions by both transferors and recipients of assets and/or liabilities, together with related program or operating responsibilities. Restructurings can be initiated by the entities involved or imposed by a higher level of government through legislation or by the controlling government. The City has not yet adopted this standard or determined the effect on the consolidated financial statements.

2. Accounting Standards issued but not yet adopted (continued)

Financial Instruments, PS 3450, Foreign Currency Translation, PS 2601, and Financial Statement Presentation, PS 1201 are effective for fiscal years beginning on or after April 1, 2019. While early adoption is permitted, all three of the standards must be adopted in the same year. PS 3450 provides guidance on the recognition, measurement, presentation and disclosure of financial instruments including derivative instruments. PS 2601 Foreign Currency Translation includes guidance on deferral and amortization of unrealized gains and losses, hedge accounting and separation of realized and unrealized foreign exchange gains and losses. PS 1201 Financial Statement Presentation includes the addition of a new statement outlining re-measurement gains and losses. The City has not yet adopted these standards or determined the effect on the consolidated financial statements.

5. Investment in Government Business Enterprises

The SACDC and GSU are owned and controlled by the City of Greater Sudbury. These corporations are business enterprises of the City and are accounted for on a modified equity basis in these consolidated financial statements.

(a) The investment in Government Business Enterprises consists of the following:

| | SACDC | GSU | 2015 Total | 2014 Total |
|--|-----------|-----------|---------------|---------------|
| Balance, beginning of year | \$ 11,409 | \$ 81,531 | \$ 92,940 | \$ 89,755 |
| City's share of operating income for the year | 1,096 | 1,181 | 2,277 | 3,185 |
| Balance, end of year | \$ 12,505 | \$ 82,712 | \$ 95,217 | \$ 92,940 |

The investment of \$82,712 in GSU includes a promissory note receivable of \$52,340 (2014 - \$52,340) which is unsecured and bears interest at a rate of 7.25% per annum. The note is repayable in full upon six months written notice from the City.

(b) The following tables provide condensed supplementary financial information for the year ended December 31, 2015:

| Financial Position | | | | |
|--|-----------|-----------|---------------|---------------|
| | SACDC | GSU | 2015 Total | 2014 Total |
| Current assets | \$ 1,533 | \$ 34,140 | \$ 35,673 | \$ 34,716 |
| Capital assets | 27,247 | 101,808 | 129,055 | 121,887 |

| | <u>\$ 295,508</u> | <u>290,917</u> | <u>\$ 270,674</u> | <u>262,931</u> |

The investments consisting of term deposits, treasury bills, high interest savings accounts and bonds earn rates of return ranging from 0.5% to 6.73% per annum and are recorded at cost adjusted for amortization of discounts and premiums. Maturity dates on long term investments range from 2016 to 2035 (2014 – 2015 to 2033).

By-Law 2013-179 adopted the Investment Policy which allows up to \$150,000 to be invested in long-term instruments (greater than one year). The remainder of the portfolio is restricted to short-term investments (one year and shorter). At December 31, 2015, the City is in compliance with the requirements of By-Law 2013-179.

7. Bank indebtedness

The City has an unsecured demand revolving credit facility in the amount of \$10,000 (2014 - \$10,000) bearing interest at the bank's prime rate less 0.5% for Bankers' Acceptance and 0.9% on loans with an effective rate of 2.2 % (2014 – 2.5%) per annum. No amounts were drawn against the facility as at December 31, 2015 and 2014.

10. Employee benefit obligations

Employee benefit obligations consist of the following:

| | 2015 | 2014 |
|-----------------------------------|------------------|------------------|
| Future payments required for: | | |
| WSIB obligations | \$ 2,504 | \$ 2,223 |
| Accumulated sick leave benefits | 6,763 | 6,837 |
| Other post-employment benefits | 30,957 | 30,316 |
| Liability for Stop Loss Insurance | 1,435 | 1,520 |
| Vacation pay | 14,799 | 14,862 |
| | \$ 56,458 | \$ 55,758 |

The City has established reserve funds in the amount of \$15,496 (2014 - \$14,738) to mitigate the future impact of these obligations.

The City is a Schedule 2 employer under the provisions of the Workplace Safety and Insurance Board Act (WSIB), and as such, remits payments to the WSIB as required to fund disability payments.

Accumulated sick leave benefits accrue to certain employees of the City and are paid out either on approved retirement or upon termination or death.

Other post-employment benefits represent the City's share of the cost to provide certain employees with extended benefits upon early retirement.

Liability for stop loss insurance represent future payments for claims relating to catastrophic losses that occurred during the insured period and has exceeded or will exceed the City's deductible.

The following table sets out the results as determined by the actuarial valuations completed for the year ended December 31, 2015 for each of the plans.

| | WSIB | Sick leave | Other Post- Employment Benefits | 2015 Total | 2014 Total |
|--|-----------------|--------------|---------------------------------------|---------------|---------------|
| Accrued benefit liability, beginning of year | \$ 4,022 | 7,595 | 28,346 | 39,963 | 38,004 |

10. Employee benefit obligations (continued)

The total expense related to these employee benefits include the following components:

| | WSIB | Sick Leave | Other Post-Employment Benefits | 2015 Total | 2014 Total |
|--------------------------------|----------|------------|--------------------------------|------------|------------|
| Current period benefit cost | \$ 2,504 | 408 | 1,222 | 4,134 | \$ 3,892 |
| Amortization of actuarial loss | 458 | 35 | 348 | 841 | 626 |
| Interest expense | 176 | 296 | 1,117 | 1,589 | 1,709 |
| Total employee benefit expense | \$ 3,138 | 739 | 2,687 | 6,564 | \$ 6,227 |

The actuarial valuations of the plans were based upon a number of assumptions about future events, which reflect management's best estimates. The following represents the more significant assumptions made:

| | WSIB | Sick Leave | Other Post-Employment Benefits |
|------------------------------------|-------|------------|--------------------------------|
| Expected inflation rate | 2.0% | 2.0% | 2.0% |
| Expected level of salary increases | N/A | 3.1% | 3.1% |
| Discount rate | 3.75% | 3.75% | 3.75% |

For other post employment benefits, as at December 31, 2015, the initial health care trend rate is 7.6% (2014 – 7.56%) and the ultimate trend rate is 4.5% (2014 – 4.5%) which is expected to be reached in 2029 (2014 – 2029).

11. Solid waste management facility liability

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. This requirement is to be provided for over the estimated remaining life of the landfill site based on usage.

Solid waste closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability, which is prepared by an engineering firm, is based on estimates and assumptions with respect to events extending over a twenty-five year period using the best information available to management. Future events may result in significant changes to the estimated total expenses; capacity used or total capacity, useful life and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

The City has three active and three inactive landfill sites. Estimated total expenses for these six sites represent the sum of the discounted future cash flows for closure and post-closure care activities discounted using an average borrowing rate of 4.0% (2014 - 4.25%) minus an inflation rate of 2.22% (2014 - 1.73%)

CITY OF GREATER SUDBURY

(10-year average of CPI from 2005 to 2015). The estimated total landfill closure and post-closure care expenses are calculated to be \$23,580 (2014 - \$22,209). The estimated liability for the active sites is recognized as the landfill site's capacity is used. At December 31, 2015 an amount of \$14,222 (2014 - \$13,263) with respect to landfill closure and post-closure liabilities has been accrued.

Active sites

The estimated remaining capacity of the Sudbury landfill site is 49% (3,816,127 cubic meters) (2014 - 51%) of its total estimated capacity and its estimated remaining life is 33 years (2014 - 36 years), after which the period for post-closure care is estimated to be 25 years.

The estimated remaining capacity of the Valley East landfill site is 33% (656,239 cubic meters) (2014 - 34%) of its total estimated capacity and its estimated remaining life is 25 years (2014 - 21 years), after which the period for post-closure care is estimated to be 25 years.

The estimated remaining capacity of the Rayside-Balfour landfill site is 50% (741,293 cubic meters) (2014 - 51%) of its total estimated capacity and its estimated remaining life is 37 years (2014 - 34 years), after which the period for post-closure care is estimated to be 25 years.

12. Long-term liabilities

(a) Long-term liabilities consist of the following:

| | 2015 | 2014 |
|------------------------------------|-----------|-----------|
| Debentures (i) | \$ 58,484 | \$ 15,862 |

| Accrued financial obligations (iv) | 11,550 | 13,310 |
| | \$ 88,531 | \$ 32,519 |

(i) This includes two new financings acquired during fiscal 2015. The City obtained funds through external debt financing with Ontario Infrastructure and Lands Corporation (IOLC) of \$31,000 for the Biosolids Management Facility as well as \$14,000 of debt financing related to the construction of a Fleet/Transit Garage both at an annual interest rate of 3.10% with a term of 20 years.

The debentures bear interest at rates of 3.10% to 5.734%, repayable in aggregate blended monthly payments of \$441, maturing from March, 2023 to May, 2035.

(ii) The capital lease obligations bear interest at a rate of 5.75%, repayable in aggregate blended monthly payments of \$16, maturing in March, 2016.

(iii) The construction of the Biosolids Management Facility was completed during fiscal 2015 and the City obtained debt financing from the contractor in accordance with the agreement totaling \$15,781 to be paid over a 20 year period bearing interest at a rate of 6.16% per annum.

The other loans bear interest at rates of 5.47% to 6.162%, repayable in aggregate blended annual payments of \$354 and an aggregated blended monthly payment of \$116, maturing from March 2025 to May, 2035.

14. Tangible capital assets (continued)

a) Assets under construction

Assets under construction having a value of \$36,844 (2014 - \$112,658) have not been amortized. Amortization of these assets will commence when the asset is put into service.

During the year, the City added \$22,029 (2014 - \$67,092) to assets under construction and transferred \$97,843(2014 - \$39,870) from assets under construction to tangible capital assets.

b) Developer contributions of tangible capital assets

Contributed capital assets have been recognized at fair market value at the date of contribution. The value of contributed assets received during the year is \$3,936 (2014 - \$5,718) comprised of the following:

| | 2015 | 2014 |
|------------------------------|-----------------|-----------------|
| General Capital | | |
| Land | \$ 44 | \$ 781 |
| Machinery and equipment | 345 | 271 |
| Infrastructure | | |
| Land improvements | - | 135 |
| Roads network | 1,406 | 2,507 |
| Water and wastewater network | 2,141 | 2,024 |
| Total | \$ 3,936 | \$ 5,718 |

15. Contractual obligations and commitments

(a) Contracts for capital projects

The balance of capital works uncompleted under contracts in progress at December 31, 2015 amounts to approximately \$12,211 (2014 - \$25,335). The proposed financing of these obligations is \$8,611(2014 - \$25,290) from surplus funds and \$3,600 (2014 - \$45) from external sources.

(b) Contracts for services

The City has entered into contracts with third parties to provide various services to the City. The minimum anticipated payments under these contracts are as follows:

| | |
|------------------|------------------|
| 2016 | 19,629 |
| 2017 | 8,255 |
| 2018 | 5,688 |

15. Contractual obligations and commitments (continued)

(c) Contingent liabilities

As at December 31, 2015, certain legal actions are pending against the City. An estimate of the contingency cannot be made since the outcome of these matters is indeterminable. Should any loss result from the resolution of these matters, such loss would be charged to operations in the year of disposition.

(d) Liability for Contaminated Sites

A contaminated site is an unproductive site at which substances occur in concentrations that exceed the maximum acceptable amounts under an environmental standard. A liability for remediation of contaminated sites is recognized when the City is directly responsible or accepts responsibility; it is expected that future economic benefits will be given up; and a reasonable estimate for the amount can be made. As at December 31, 2015 there is no liability recorded in the consolidated financial statements. The City will continue to review contaminated sites on an annual basis and when the criteria for recognition have been met, a liability will be recorded.

16. Accumulated surplus

Accumulated surplus consists of the following:

| | 2015 | 2014 |
|---|--------------|--------------|
| Surplus: | | |

ii) Schedule of Revenues and Expenses - Children's Services

The City has a Child Care and Family Support Program service agreement with the Ministry of Education. A requirement of the service agreement is the production of supplementary information by detail code/funding type, which summarizes all revenues and expenditures relating to the service agreement.

A review of these revenues and expenditures, by detail code/funding type, are outlined below. The identified surplus/(deficit) position is reflected prior to the application of flexibility in accordance with the Child Care Business Practices, Funding and Service Guideline.

Independent Auditor's Report

To the Members of Council, Inhabitants and Ratepayers of the City of Greater Sudbury

We have audited the accompanying financial statements of the City of Greater Sudbury Trust Funds, which comprise the statement of financial position as at December 31, 2015 and the statement of changes in fund balances for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

CITY OF GREATER SUDBURY TRUST FUNDS

Notes to Financial Statements

Year ended December 31, 2015
(in thousands of dollars)

1. Organization:

The City of Greater Sudbury Trust Funds (the "Funds") consists of various trust funds administered by the City of Greater Sudbury.

The Funds are not subject to income taxes under Section 149 (1) of the Income Tax Act (Canada).

2. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

These financial statements include trust funds administered by the City as well as those within organizations that are accountable for the administration of their financial affairs and resources to City Council and are owned or controlled by the City. The City of Greater Sudbury Trust Funds financial statements are the responsibility of management and have been prepared in accordance with the accounting policy set out below.

Revenue and Expenses:

The Funds financial statements are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable. Expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

3. Due From City of Greater Sudbury:

At December 31, 2015, the Funds have amounts due from the City of \$14,704 [2014 - \$14,894] that arose as a result of investment and banking transactions due to the City maintaining bank accounts or holding investments on behalf of the Funds. These amounts are non interest bearing other than \$1,172 and \$7,668 which bear interest at the rates of 1.97% and 3.47% respectively (2014 - 2.33% and 3.83%) and are due on demand.

4. Fednor Project Business Planning Initiative:

Fednor has advanced \$117 to be used by the Regional Business Centre, a division of the City of Greater Sudbury, to aid small businesses. The advance is non-interest bearing. The funds were subsequently loaned to small businesses. The loans are non-interest bearing and have been fully provided for. The Regional Business Centre may be asked by Fednor to repay this advance or the advance may be forgiven. To date Fednor has not asked for repayment or forgiven the advance.
