Why Maley?

Position Greater Sudbury for future investment & economic development

Further position Greater Sudbury as an economic hub of the North

Provide an economic boost during soft economy

Contribution to jobs and economic development

Reduce traffic congestion on major thoroughfares

Positively impact mining sector

Improve transportation of goods

Reduce GHG emissions

Chamber of
Commerce

Why the time is now...

Federal & provincial governments' alignment
Senior levels of government have committed to large infrastructure spends and are looking for shovel ready projects
Provincial commitment
City has invested significantly in the project
Funds (more than \$53 million) will be spent elsewhere (outside of Sudbury) if we do not act

Thank You
