A5 If applicable, reflects the amount of transitional support provided to assist the municipality in adjusting to the redesigned OMPF program. See the enclosed Transitional Assistance Calculation Insert for further details.

B1 Sum of 2016 OMPF grants. (Equal to Line A)

B2 Estimated 2016 benefit of the Province's upload of social assistance benefit program as well as court security and prisoner transportation costs. For further details see the 2016 Upload Benefit Report.

C1 The estimated 2016 municipal benefit of the Province's 75 per cent share of public health funding relative to its 50 per cent share in 2004. In two-tier systems, this benefit is identified at the upper-tier level. Actual municipal savings may not correspond with the Allocation Notice due to budget approvals made by the local Boards of Health. Municipalities may provide additional funding beyond their obligated cost share. Any additional municipal funding is not included in the calculation of the public health figure.

C2 The estimated 2016 municipal benefit of the Province's 50 per cent share of land ambulance funding relative to its share in 2005. This incremental increase in land ambulance funding delivers on the Province's commitment to strengthen land ambulance services and maintain the 50:50 sharing of land ambulance costs. In two-tier systems, this benefit is identified at the upper-tier level.

C3 Funding provided to the municipality through the 2015-16 provincial gas tax program.

D2 Refers to the total assessment for a municipality weighted by the tax ratio for each class of property (including payments in lieu of property taxes retained by the municipality) divided by the total number of households.

D3 Represents the proportion of a municipality's population residing in rural areas or small communities. For additional information see the 2016 OMPF Technical Guide.

D4 Represents the percentage of a municipality's land area comprised of farm land. Additional details regarding the calculation of the Farm Area Measure are provided in the 2016 OMPF Technical Guide.

D5 The northern and rural Municipal Fiscal Circumstances Index (MFCI) measures a municipality's fiscal circumstances relative to other northern and rural municipalities in the province, and ranges from 0 to 10. A lower MFCI corresponds to relatively positive fiscal circumstances, whereas a higher MFCI corresponds to more challenging fiscal circumstances. For additional information see the 2016 OMPF Technical Guide.

D6 Represents the guaranteed level of support the municipality will receive from the Province through the 2016 OMPF. For additional information see the 2016 OMPF Technical Guide.
