Council,

At our June 12, 2015, Strategic Planning Session we did some great work identifying our priority pillars, which will help form the foundation for our Strategic Plan. We also had some preliminary discussion regarding the Vision, Mission and Values and a review is required to determine whether we will affirm or change them. Another next step is to develop consensus around our specific goals for this 2015-2018 term of Council and beyond.

Following this session, we expect to develop a document to bring to Council for adoption as our Strategic Plan. The Plan will guide the decisions and actions of Council and Administration, which will guide the development of an Implementation Plan of projects and initiatives for our City for Council's consideration.

Thank you,
