Dear Sir or Madam:

Re: Case # 648732
634 Lasalle Blvd
Sudbury, Ontario

We object to the Order in above case and request that proper authority from Building Department inspect the concern included in the order which has no merit. The remedial work on roof membrane and roof drains are completed by roofing contractor and roof is in water tight condition. All areas of concern are exposed and visible at this time and will not be covered until inspection by Building Department is completed,

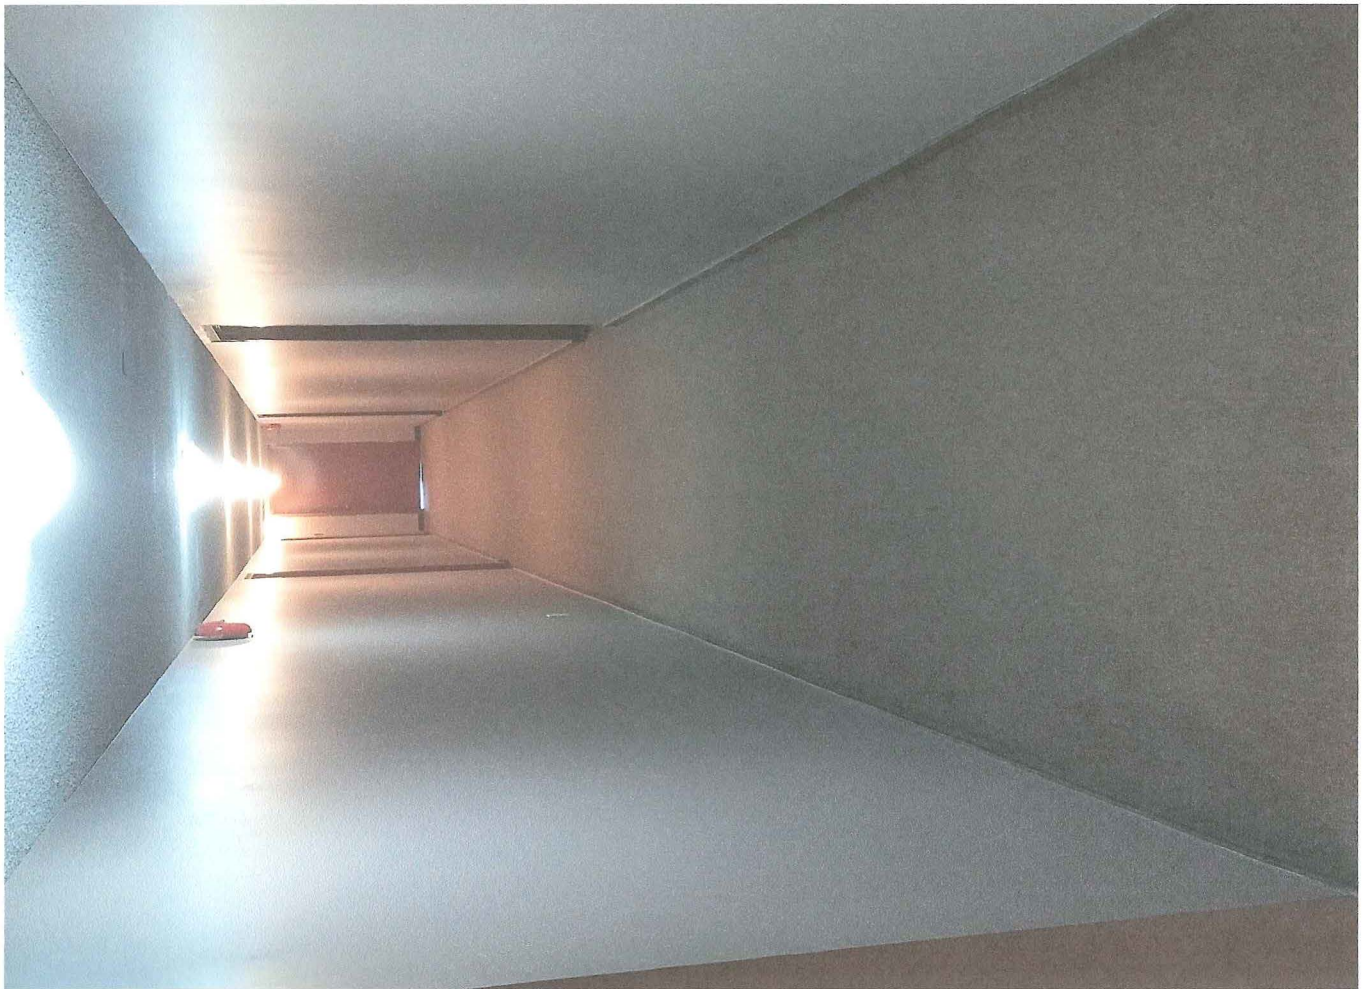

Your co-operation is greatly appreciated.

Yours truly,

B. Nikolic

Hi Boban,

I sent Kyle the pictures. I also made comment that I did not observe any leaking and that you guys have fixed up the 6 th floor and have recently painted the 6 th floor hall way.

Adam

Adam, could you please forward those pictures you took late last week (Thursday or Friday) to me and Kyle Anderson of the bylaw enforcement office. As you can see from the attached pictures there is no roof leak present and all of the snow that was present when were on the roof has melted from the substantial rainfall and warm temperatures over the past couple of days. I also have more pictures from prior days on file if you need them.

Regards,

Boban (Bobby) Nikolic

Manager

Rideau Place, 634 Lasalle Boulevard
