

# Neighbourhood Assessments

City of Greater Sudbury Strategic Plan  
Healthy Community Initiative

February 3<sup>rd</sup>, 2015

# Background

- Council adopted a Corporate Strategic Plan which reflects the vision, mission and values of the City of Greater Sudbury
- Planning Services has worked in conjunction with the Community Development Department on a Healthy Community Initiative (HCI) project per the Corporate Strategic Plan

“prepare neighbourhood assessments  
on assets and gaps related to social  
determinants of health and  
community inclusivity”

## Background

# Neighbourhood Assessments

- A broad perspective and understanding of the areas within Sudbury
- Tool to help better understand gaps in services delivery
- Performance with respect to healthy community indicators

# Neighbourhood Assessments

- Neighbourhood assessment maps measure the various aspects of a healthy community
- Information collected needs to be verifiable and repeatable across the city so that comparison could be made between neighbourhoods

- Collect data
- 'Scrub' the data
- Get data into a GIS
- Disseminate the data by neighbourhood/community

# Process

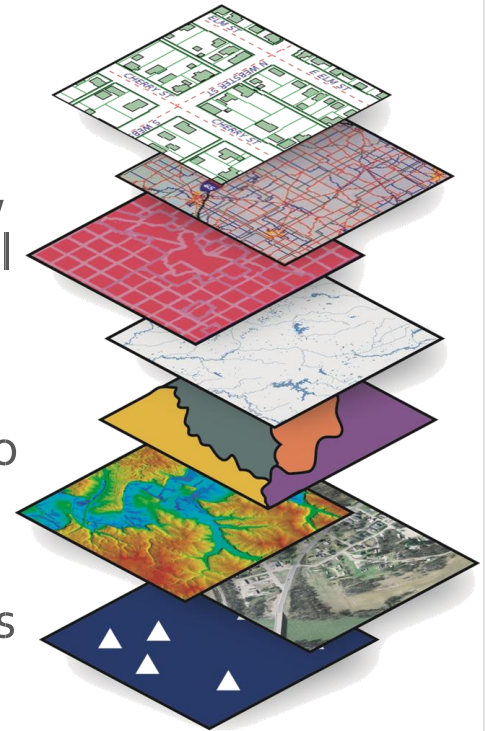

# GIS

Geographic Information System (GIS) has been an integral part of completing this Healthy Community Initiative

What is a GIS?

- A powerful tool that is designed to capture, store, manipulate, analyze, manage, and present all types of spatial or geographical data.
- It is a way to visualize, question, and interpret data to better understand relationships, patterns, and trends that can allow the users to make more informed decisions.

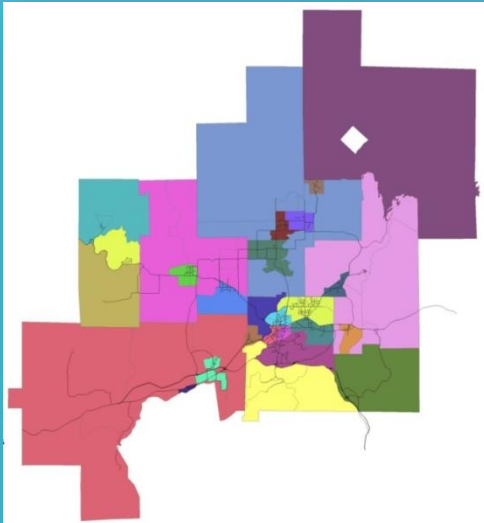

# Data

- Feel free to feel fit data (parks, playgrounds, rinks...)
- Critical infrastructure (schools, daycares, health care centres...)
- Social housing (locations, number and types of units)
- Transit data (routes, locations of stops, point of fare data)
- Library usage (number, frequency of use by branch and location of user)
- Demographic data (population, households, dwellings, mother tongue, occupation, education, income)
- Leisure services programs (enrolment, locations of facilities and location of user)
- Deprivation index (SDHU)
- Ambulance, Fire, Police calls for service
- Ontario works data (internal)
- And more...

## Overview of Minnow Lake

### The Neighbourhood

Minnow Lake is in the Community of Sudbury and is located around Minnow Lake and Ramsey Lake. The neighbourhood has a rich history that includes a sawmill on the shores of Minnow Lake in the late 1800's. Source: sudburymuseums.ca

### Population

The population of the neighbourhood of Minnow Lake has decreased marginally between the 2006 and 2011 Census periods. It went from 11,398 in 2006 to 11,305 in 2011. The population of the City of Greater Sudbury increased by 1.5% during the same period. It went from 157,857 to 160,274. As a proportion of the population, there are slightly fewer seniors aged 65+ living within Minnow Lake (14.4%) than in the Greater Sudbury (16.1%). Ontario compares with 14.6% being aged 65 and over.

### Households & Dwellings

There are 4,895 households in Minnow Lake. The average number of people per household is 2.3 which is the same as the City of Greater Sudbury.

As stated in the 2011 National Household Survey, 39.5% of the housing stock was built before 1960, 34% was built between 1961 and 1980 and the remaining 26% was constructed after 1981. Single detached dwellings are the most common dwelling type (57%) according to the 2011 Census, followed by Apartment units in buildings under five stories (8%), Duplexes (10%) and Row houses and Semi-detached homes (6% each). Sixty-four percent of the population own their own homes while 36% of the population rents.

### Languages

In 2011 the dominant non-official languages are Italian (1.2%), then Polish (0.5%), Ukrainian, Finnish, Polish and Spanish (0.4% each). Sixty-eight percent of the population consider English as their mother tongue, 24% reported it being French. Thirty-eight percent of the population consider themselves to be bilingual (speaking both English & French).

### Labour Force

The total labour force in Minnow Lake is 6,215. The main industries of employment are: Retail trade (15.4%), Health care and social assistance (14.4%), Educational services (9.1%), Accommodation and food services (8.5%) and Public administration (8.3%).

1

### Education

The 2011 National Household Survey claims that 13.5% of the population of Minnow Lake aged 15 and over holds a university degree at the bachelor level or higher; 15.7% of the Greater Sudbury's population has the same. Thirty percent of Minnow Lake's population has a college diploma and 11.5% have an apprenticeship or trades certificate/diploma. Nineteen percent of the population has no certificate, diploma or degree - this is lower than the City of the Greater Sudbury where 21% don't have any diploma.

### Income

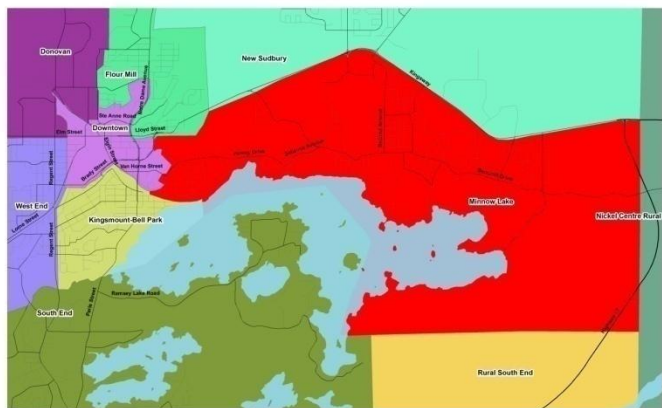

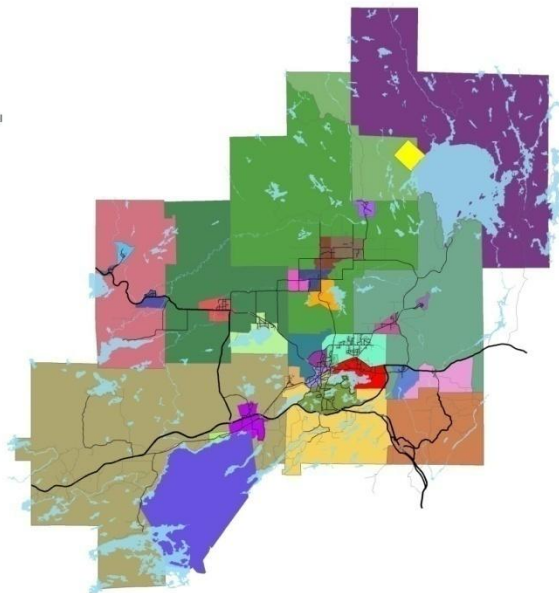

The average household income in Minnow Lake is \$67,580. This is lower than the Greater Sudbury average of \$76,772. The average family income in is \$82,342, this is also slightly lower than the City's average of \$93,061.
