# Background

At the meeting of December 9, 2014, the following resolution #CC2014-379 was passed by Council of the City of Greater Sudbury:

WHEREAS funding for ward initiatives (formerly known as Community Improvement Projects (C.I.P.) and Neighbourhood Participation Projects (N.P.P.) has existed since 2001 and was renamed as the Healthy Community Initiative Fund in 2011;

AND WHEREAS the C.I.P. and N.P.P. funds were created in an effort to ensure equitable distribution of capital funds throughout the City of Greater Sudbury after amalgamation;

AND WHEREAS C.I.P. funds enabled Ward Councillors to identify and fund community based leisure projects within their ward and were directed to one specific project or facilitated a variety of smaller projects in support of leisure opportunities for residents;

AND WHEREAS N.P.P. funds were allocated in support of neighbourhood/community initiatives related to leisure opportunities whereby community partners provided matching funds or work-in-kind to meet eligibility criteria for N.P.P. funds;

AND WHEREAS in 2012, at the request of Council, the Council Expense and Healthy Community Initiative Fund Policy was passed and posted on the City of Greater Sudbury website, in order to enhance transparency and accountability;

AND WHEREAS one of Council's strategic priorities has been to promote Sudbury as a healthy community;

AND WHEREAS it would be beneficial for the general public as well as Members of Council to be more accurately informed about the policy, the role and benefits of the Healthy Community Initiative

Funds;

AND WHEREAS it would also be beneficial to host a public consultation session for the general public and Members of Council to openly discuss the Healthy Community Initiative (HCI) Funds, in an effort to redefine the policy of these funds;

THEREFORE BE IT RESOLVED THAT the City of Greater Sudbury direct City staff to coordinate a public consultation session to obtain public input about the HCI funds, either during the Budget Public Input Session, or at a separate session, and that the Chief Financial Officer make a presentation to Council about the Council Expense and Healthy Community Initiative Fund policy, in advance of the 2015 budget deliberations.

AND BE IT FURTHER RESOLVED THAT the City of Greater Sudbury direct City staff to bring forward a report to Council encompassing the input received during the public consultation session, for discussion and direction by Council, no later than May 26, 2015.

In response to this resolution the Chief Financial Officer/City Treasurer will be presenting an overview of the policy.

Also for the benefit of Council and members of the public, attached is By-Law #2012-258, adopted on December 11, 2012, the Council Expense and Healthy Community Initiative Fund Policy.

#### **Supplementary Report on Healthy Community Initiative Funds**

In accordance with the By-law, quarterly reports are prepared to disclose the use of Healthy Community Initiative Funds. Staff have prepared a supplementary report to disclose the carry forward balances.

In accordance with the By-law, at the end of each fiscal year, the unspent balance can only be spent on eligible capital projects.

Attached are statements detailing expenses and commitments for each of the twelve wards for the period ending November 30th, 2014.

Each statement sets out any 2013 unspent balance carried forward, together with the 2014 contribution and donation revenues, which determined the amount of HCI funds available for each ward for 2014. The statement also discloses the total spending per ward to November 30, 2014, as well as future commitments / projects in progress. The uncommitted balance on December 1, 2014 is \$510,850.

Healthy Community Initiative Funds are governed by By-law 2012-258, a By-law of the City of Greater Sudbury to Adopt the Council Expense and Healthy Community Initiative Fund Policy.

#### 2015 Budget

In light of City Council's motion to achieve a zero percentage tax increase, and further that City Council is requesting the public's input on the Healthy Community Initiative Funds, staff is seeking Council's direction for the preparation of the 2015 Budget.

Based on previous City Council approval, \$50,000 per ward or \$600,000 was included as a base budget line account, within the Capital Fund.

Two options have been prepared for Council's direction:

#### Option 1

Prepare a One Time Budget Reduction Option in the amount of \$600,000 to eliminate the HCI Budget allocation for 2015 and fund 2015 HCI Allocation by distributing the remaining HCI fund balance of approximately \$510,000, evenly per ward. This would result in \$42,500 per ward. The 2016 Budget allocation would be determined by City Council, subsequent to the Public Input Session.

# Option 2

Continue to include the \$600,000 Healthy Community Initiatives Budget allocation in the 2015 Base Budget.

# Conclusion

As outlined in the Supplementary Report on HCI Funds, the uncommitted balance in the HCI Capital Fund is approximately \$510,000. Staff is seeking City Council direction regarding the allocation of the HCI Funds in the 2015 Budget. In addition, a public consultation session will be scheduled subsequent to the 2015 Budget deliberations to solicit feedback from the community about the HCI Funds.

# SCHEDULE A TO BY-LAW 2012-258

# Council Expense and Healthy Community Initiative Fund Policy

#### 1.0 Introduction and Purpose

The City of Greater Sudbury provides resources and support to Mayor and Councillors through the following mechanisms:

- 1) Annual Office Expense Budget for each Councillor and Mayor's office
- 2) General Association Dues and related Travel Budget
- 3) Staffing Budget and use of other municipal resources
- 4) Healthy Community Initiative Budget for each Ward Councillor

This policy provides guidance and delegated authority to members of Council on allowable expenses to be funded from each of the above noted budgets. These budget allocations are provided in support of Mayor and Councillors performing their roles and in representing their constituents and wards. The budgets allow members of Council to:

- Communicate with their constituents about the services of the City, meetings and activities of the City, Council and its Committees
- Administer their offices and related expenses incurred in their role
- Represent the City at functions or events
- Enhance and promote harmonious community in their wards in support of advancing the Healthy Community priorities

#### 1.1 Annual Budget Allocation

The annual budget allocations are prepared in accordance with the City's Base Budget Preparation Policy. This annual allocation is subject to annual budget deliberations and approvals.

#### 1.2 Guiding Legislation and By-Laws

The Municipal Act, Section 23.1 outlines the delegation of powers and duties.

#### Section 23.1

Without limiting sections 9, 10 and 11, those sections authorize a municipality to delegate its powers and duties under this or any other Act to a person or body subject to the restrictions set out in this Part. 2006,c. 32 Schedule. A,s.15.

This policy delegates authority to the Mayor and individual Councillors to expend approved operating budgets and Healthy Community Initiatives Funds in accordance with this Policy. The Municipal Act, Section 224 describes the role of council:

- (a) to represent the public and to consider the well-being and interests of the municipality;
- (b) to develop and evaluate the policies and programs of the municipality;
- (c) to determine which services the municipality provides;
- (d) to ensure that administrative policies, practices and procedures and controllership policies, practices and procedures are in place to implement the decisions of council;
- (e) to ensure the accountability and transparency of the operations of the municipality, including the activities of the senior management of the municipality;
- (f) to maintain the financial integrity of the municipality; and
- (g) to carry out the duties of council under this or any other Act. 2001, c. 25, s. 224; 2006, c.32, Schedule. A,s 99.

The Municipal Act, 2001 also sets out the authority for a municipality to pay the expenses of members of its Council.

#### Section 283 (1)

A municipality may pay any part of the remuneration and expenses of the members of any local board of the municipality and of the officers and employees of the local board.

#### Section 283 (2) Limitation

Despite any Act, a municipality may only pay the expenses of the members of its council or of a local board of the municipality and of the officers and employees of the municipality or local board if the expenses are of those persons in their capacity as members, officers or employees and if,

- (a) the expenses are actually incurred; or
- (b) the expenses are, in lieu of the expenses actually incurred, a reasonable estimate, in the opinion of the council or local board, of the actual expense that would be incurred.

The Municipal Act, 2001 also sets out the authority for a municipality to pay grants and donations. This policy also delegates the authority to Mayor and individual Councillors to pay grants [Section 107(1)] and donations [Section 107(2)(e)] in accordance with Section 6.3.1 of this policy.

## Section 107 (1)

Despite any provision of this or any other Act relating to the giving of grants or aid by a municipality, subject to section 106, a municipality may make grants, on such terms as to security and otherwise as the council considers appropriate, to any person, group or body, including a fund, within or outside the boundaries of the municipality for any purpose that council considers to be in the interests of the municipality. 2001, c. 25, s. 107 (1).

#### Section 107 (2)

The power to make a grant includes the power,

(a) to guarantee a loan and to make a grant by way of loan and to charge interest on the loan;

(b) to sell or lease land for nominal consideration or to make a grant of land;

(c) to provide for the use by any person of land owned or occupied by the municipality upon such terms as may be fixed by council;

(c.1) to provide for the use by any person of officers, employees or agents of the municipality upon such terms as may be fixed by council;

(d) to sell, lease or otherwise dispose of at a nominal price, or make a grant of, any personal property of the municipality or to provide for the use of the personal property on such terms as may be fixed by council; and

(e) to make donations of foodstuffs and merchandise purchased by the municipality for that purpose. 2001, c. 25, s. 107 (2); 2006, c. 32, Schedule. A, s. 49.

Further guidance is obtained from:

- Municipal Elections Act, 1996
- Municipal Conflict of Interest Act
- CGS By-Law # 2007-299 Accountability and Transparency Policy
- CGS Purchasing By-Law
- CGS Remuneration By-Law
- CGS by-law #2007-299 Delegation of Powers and Duties

#### 1.3 Guiding Principles

Since members of Council use public funds when they perform their duties, the public expects these funds to be used prudently. Members of Council are the stewards of City resources and are ultimately accountable to the public and their constituents for the type and level of expenses that they incur. - The expense is supported by an original receipt and the purpose of the expenditure is clearly indicated.
- The expense does not exceed the annual budget allocations.
- The use of municipal resources during an election year must be in accordance with Schedule E of the Remuneration By-law.
- The expense must be in compliance and not in conflict with Legislation and Municipal Policies and By-Laws.

Mayor and Councillors have discretion to expend the budgets, so long as the expenses are in accordance with this Policy.

#### 6.0 Healthy Community Initiative Ward Allocations

The annual budget includes an allocation per annum to advance projects that fund ward/community based Healthy Community Initiative (HCI) projects.

The Healthy Community Initiative funds have two primary goals

- 1. Completing or contributing to small scale City projects or acquisition of capital assets.
- 2. Providing a responsive method of providing donations or financial support to local neighbourhood or community organizations, and volunteer initiatives.

HCI funds are not eligible to be used to fund or supplement recurring operating costs that would otherwise be included in a City departmental operating budget.

Also, eligible expenses outlined in Section 6.3.1, Section 6.3.2, Section 6.3.3 and Section 6.3.4 cannot be funded from the individual Councillors' office expense budget.

#### 6.1 Eligibility Test

Eligible expenses from the Healthy Community Initiative Fund must meet a three step test:

#### Step One:

The expense must positively advance the Healthy Communities Initiative Priorities and at least one Sustainable Development Challenge as per the Healthy Community Charter which is summarized in Section 6.2 below.

#### Step Two:

The expense must meet one of the four categories of expenses that are allowable expenses from the Healthy Community Initiatives funds, as outlined below:

- 1. Grants and donations to community groups (Section 6.3.1)
- 2. Community event expenses (Section 6.3.2)
- 3. Gifts and promotions for community events and community groups (Section 6.3.3)
- 4. Capital expenditures to purchase, build or replace municipally owned assets (Section 6.3.4)

#### Step Three:

The sum of eligible expenses in the categories of grants and donations (Section 6.3.1), community event expenses (Section 6.3.2), gifts and promotions for community events (Section 6.3.3) cannot exceed 25% of the HCI annual allocation per annum. The remaining 75% of the annual allocation is available only for eligible Capital projects as described under Section 6.3.4.

## 6.1.1 Approval of Healthy Community Initiative (HCI) expenses and budget

As part of the annual budget planning process, Councillors will be asked for a list of eligible Healthy Community Initiative expenses that are anticipated. Any remaining balance will be reflected as uncommitted. The list of eligible Healthy Community Initiative expenses will be approved by the Finance and Administration Committee as part of the annual budget process.

The operating budget impact as a result of the new infrastructure or expansion to the City's capital assets must be disclosed to Council in the Capital Budget. The base operating budget will be increased (decreased) when the asset is brought into service.

The HCI Application Form (attached) must be completed and submitted to the Executive Assistant in advance of expending any funds (see Section 6.1.2).

For any Grant and Donation (6.3.1), Community Event Expense (6.3.2) or Gift and Promotions expense (6.3.3) which was not included in the approved budget list, Finance and Administration Committee or City Council approval must be received in advance of expending any funds if the expenditure or project is anticipated to be greater than \$1,000.

If the expenditure is related to municipally owned capital assets (and in accordance with Section 6.3.4), the Finance and Administration Committee or City Council's approval is required if:

- (i) There is an annual operating budget impact greater than \$1000 as a result of the capital project, or
- (ii) If the eligible capital project is greater than \$5,000.

#### 6.1.2 HCI Application Form

The application form must be completed to document that the Healthy Community Initiative expense conforms with this policy.

The application form must be signed by the Councillor in advance of the expenditure.

The Councillor is responsible to ensure that the expenditure is in accordance with this policy.

The form will be verified by the Executive Assistant, who will notify the Councillor if there are any discrepancies or missing information.

The expenditures related to municipally owned capital assets (Section 6.3.4), and any operating budget impact as a result of the new infrastructure or expansion to the City's capital assets, must also be signed off by the assigned operating department.

The Director of the department will assign an employee to each capital project and will sign off on the HCI application form, verify the budget and identify any annual operating budget impacts. The employee will be responsible for the capital project including but not limited to procurement, budget control, project management and implementation. The employee is responsible to keep the Councillor and the Executive Assistant informed if a budget variance of greater than 10% is anticipated. The Councillor must commit additional HCI funds to cover any over expenditure.

Once the Application Form is completed, the budgeted amount will be reflected as "committed" and will be encumbered with the Ward HCI budget.

## 6.2 Healthy Community Initiative Priorities and Sustainable Development Challenges (attached)

The Healthy Community Initiative is a community driven movement to improve the health, economic, social and environmental condition of Greater Sudbury. The sustainable development challenges were largely based on quantitative statistics that concretely substantiate the need for change in those areas. See attached for charter.

The following chart illustrates the Healthy Community Priorities and the eleven sustainable development challenges of the Healthy Community Initiative:

HCI Priorities	Sustainable Development Challenges
1) Human Health & Well-Being	<ol> <li>Safety</li> <li>Health Status</li> </ol>

4) Civic Engagement/Social Capital	<ul><li>9. Homelessness</li><li>10. Poverty</li><li>11. Educational Attainment</li></ul>

An expenditure will pass Step One of the Eligibility Test if the expenditure is in support of at least one of the Healthy Community Initiative's strategic priorities, and the expenditure positively influences at least one of the sustainable development challenges identified as part of the Healthy Community Initiative, as outlined above.

#### 6.3 Eligible Expenditure Categories

An expenditure will pass Step Two of the Eligibility Test if it fits within one of the following four categories of expenses and it is an allowable expense as outlined in Section 6.3.1 to 6.3.4 below:

- 1. Grants and donations to community groups
- 2. Community event expenses
- 3. Gifts and promotions for community events and community groups
- 4. Capital expenditures to purchase, build or replace municipally owned assets

An expenditure will pass Step Three of the eligibility test if the sum of eligible HCI expenses in categories 6.3.1 grants and donations, 6.3.2 community event expenses, 6.3.3 gifts and promotions do not exceed 25% of HCI annual budget allocation.

The following Section outlines the Allowable Expenses within each category that can be charged to the Healthy Community Initiatives Fund.

At least 75% of the HCI budget allocation must be spent on capital projects to build, replace, repair or purchase municipally owned assets.

A capital asset or expenditure may be defined as any expenditure to acquire or improve parks, playgrounds, machinery and equipment, buildings, linear assets and other infrastructure.

If the capital asset or expenditure is not owned by the City of Greater Sudbury, the expenditure will be considered a "Donation to a Community Group" as outlined in Section 6.3.1.

An operating department staff member will determine if there is an operating budget impact as a result of the new infrastructure or expansion to the City's capital assets and will provide this estimate at the HCI application stage and it must be included on the HCI application form.

Capital projects greater than \$5000 or capital projects that have an operating budget impact greater than \$1000 require advance approval of the Finance and Administration Committee.

An operating department staff member will be assigned responsibility for each approved capital project. The assigned employee will be responsible for the planning, procurement, project management and implementation of the capital project. The Councillor and the Executive Assistant will be kept informed about the status of the project.

#### 6.4 Donations Revenue

Cash and "gifts-in-kind" donations may provide an additional source of revenue for the City and to supplement the Councillor's Healthy Community Initiative funds. Where applicable, the City may provide an income tax receipt in the amount of the fair market value of charitable donations, which may be claimed by the donor to offset taxable income.

Donations received are public information and will be part of quarterly disclosure of Healthy Community Funds.

All donations and expenses paid for by donations are subject to this Council Expense Policy and subject to the same administration, accounting and disclosure requirements.

The Councillor and the operating department staff are responsible to inform the Councillors' Executive Assistant of the value of all in-kind donations received on a project by project basis.

All donation cheques should be made out to the City of Greater Sudbury, accounted through the Finance Department, and follow the City's procedures for donation receipts. Members of Council or third parties acting on behalf of members should not hold or administer donations in separate personal accounts.

Cash and cheque donations if applicable will be deposited in the Healthy Community Initiatives Capital Fund, and identified as a revenue source used to leverage the City's investment. If the donation is received in advance of the event or project, the funds will be non interest bearing and will be carried forward.

#### 6.5 Carry Forward Capital Fund Balances

The HCI funds form part of the City's Capital Fund and therefore the unspent balance at the end of each fiscal year, can be carried forward to be spent in future years on eligible capital projects in accordance with Section 6.3.4.

The individual ward HCI funds cannot be overspent at the end of each fiscal year.
