- the Plan focuses on client-centred, coordinated access to housing and homelessness services.

## **Greater Sudbury Process and Outcome**

The original Plan was adopted at the November 18, 2013 Community Services meeting, details as to the history of the Plan and how it has evolved are outlined in Appendix C – Background The City of Greater Sudbury Housing and Homelessness Plan Update – 2019-2023. Housing Services in collaboration with Planning Services, Social Services, Corporate Communications and NBL Consulting worked to update the Plan by

engaging community partners, citizens and key stakeholders while adhering to Ministry guidelines. Working together with Planning Services and Social Services incorporates these Divisions' current legislation, policies, regulations and studies into the Plan while ensuring that the City is addressing the criteria established by the Ministry.

NBL Consulting was contracted to update the Plan as they have recently developed the City's Social Housing Portfolio Revitalization Plan, ensuring that both documents work in tandem.

The original Plan highlighted six (6) priority areas. In consultation with key stakeholders, citizens and City Departments the revised Plan is updated to reflect the housing needs of the community. The Plan now consists of seven (7) priority areas with updated objectives, outcomes and measures:

1. There is a need to improve housing options across the housing continuum;
2. There is a need to improve housing access and affordability for low income households;
3. There is a need to strengthen approaches to preventing homelessness, increase the diversity of emergency shelter options and support individuals with multiple barriers in obtaining and maintaining their housing,;
4. There is need for additional supportive services coupled with permanent housing (both supportive housing and supports in private homes);
5. There is a need to improve co-ordination, collaboration and partnerships among a broad range of stakeholders;
6. There is a need to monitor and report on progress towards meeting the Housing and Homelessness Plan objectives and targets; and
7. There is a need for an Indigenous Housing and Homelessness Strategy in the community.

As part of the review process, Service Managers are required to provide a written report of their review to the Ministry to summarize major changes made to the Plan (e.g. changes driven by the update to the policy statement, shifts in local priorities, etc.). Service Managers must submit their review report and revised Plan to the Ministry by the end of December 2019.

## **Next Steps**

Upon Council approval of the Plan, the document will be sent to the Ministry of Municipal Affairs and Housing for final approval. Yearly updates regarding the Plan will be brought forward to Community Services in Q2 of each year for the next four (4) years.
