

Interim Report

To the Community Services Committee of the
Council of Greater Sudbury

November 18, 2013

Green Space Advisory Panel (GSAP)

OUR VISION

WHERE DID OUR FIRST MANDATE TAKE US?

* inventory * park classification * priority list * acquisition strategy * disposal policy *

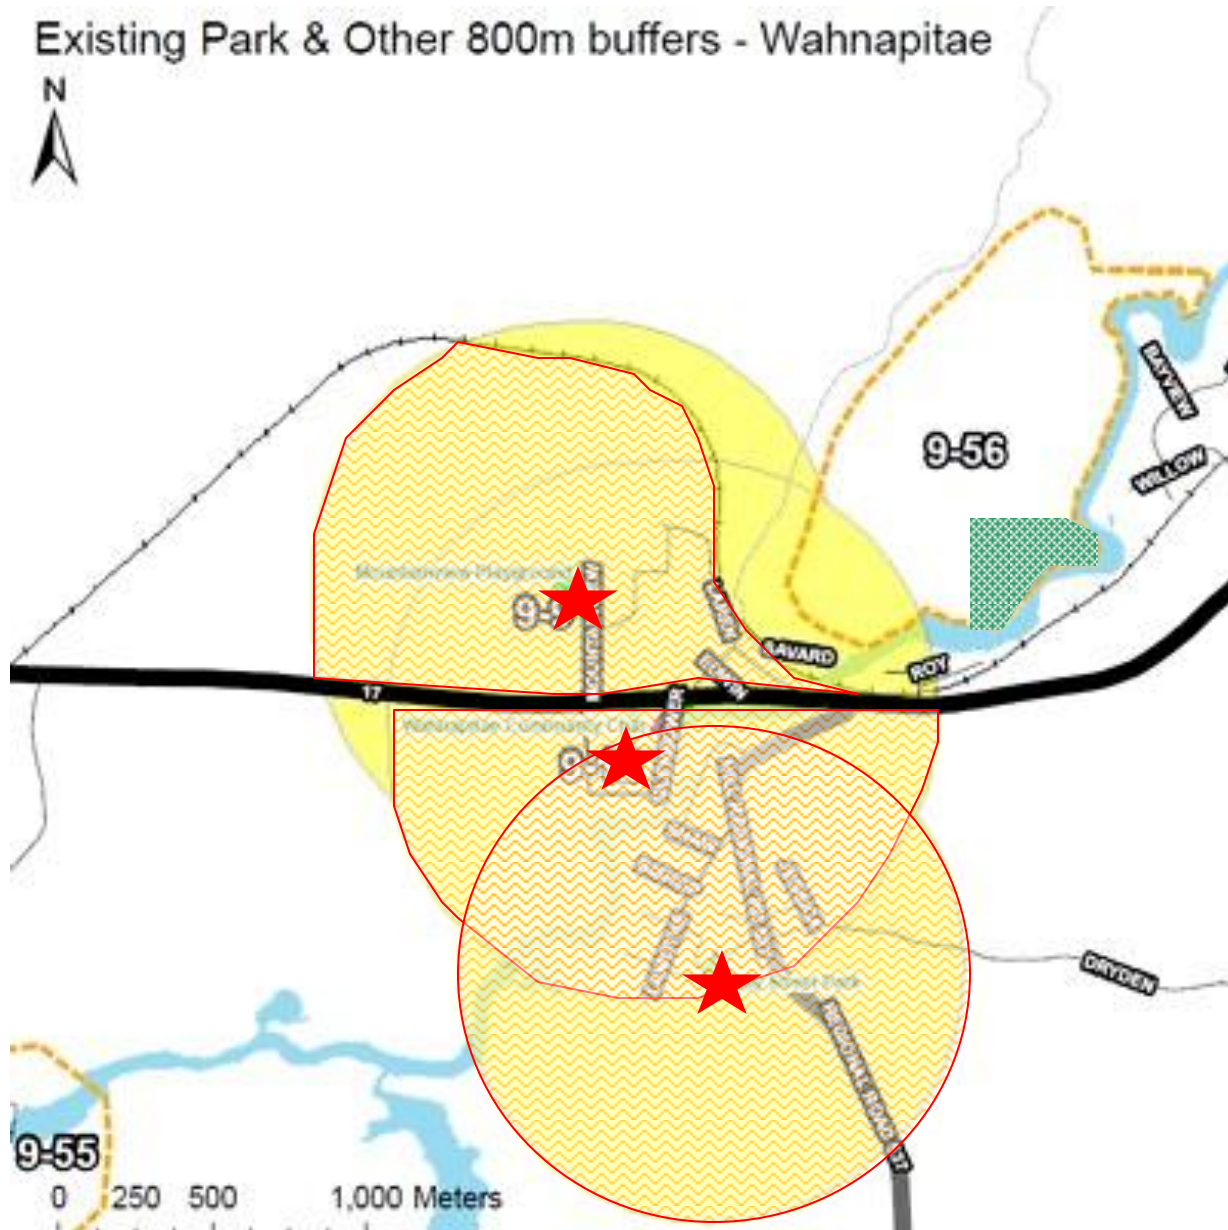

CURRENT MANDATE

Objectives:

- ✓ Gap analysis
- ✓ Connectivity Analysis
- ✓ Identify further opportunities & refine information
- ✓ Monitor progress of acquisition strategy
- ✓ Provide Input into Official Plan

GAP ANALYSIS

Existing Park & Other 800m buffers - Wahnapiatae

- 3 areas with no park service
- 69 gaps in park service
- 23 gaps filled

Underserviced areas:

- Chelmsford, Downtown Sudbury, and Wahnapiatae.

FILL A GAP

A scenic photograph of a paved path leading towards a river. A large, dark tree branch arches over the path from the left, framing the scene. The path is made of light-colored gravel or concrete and is bordered by green grass. To the right of the path is a calm river reflecting the sky and surrounding trees. The background features a grassy hill with a fence and more trees under a blue sky with scattered white clouds.

ADD AND REFINE
INFORMATION

CHAMPION AN ACQUISITION

CHAMPION A LAND USE AGREEMENT

CHAMPION A VISION

REVITALIZE

PROGRESS SINCE 2009

Sites brought into parks inventory	154
