

LIONS' EYE IN THE SKY

Video Monitoring Area

Evaluation of the

LION'S EYE IN THE SKY

Video Monitoring Project

**Endroit
sous contrôle
vidéo**

This area of Sudbury is being monitored by video surveillance for the purpose of Law Enforcement in accordance with the Municipal Freedom of Information and Protection of Privacy Act.

Legal Authority: Section 42 Police Services Act of Ontario 1997.
Further information may be obtained by contacting the Sudbury Regional Police Communications Co-ordinator at 675-9171 Ext. 2340, Monday to Friday, 8:00 a.m. to 10:00 p.m.

Cet endroit est sous contrôle vidéo aux fins de l'application de la loi, en conformité avec la Loi sur l'accès à l'information et la protection de la vie privée.

Autorisation légale: Article 42, Loi de 1997 sur les services policiers de l'Ontario.

On peut obtenir de plus amples renseignements en communiquant avec la coordonnatrice des communications, Services policiers de la Région de Sudbury, au 675-9171, poste 2340, du lundi au vendredi, entre 8h et 16h.

Background

LIONS' EYE IN THE SKY

- Closed-circuit television (CCTV) monitoring systems in law enforcement remains a relatively new concept in Ontario
- GSPS started the Lions' Eye in the Sky video monitoring project in 1996 based on a strong partnership with the Lions Club of Sudbury
- GSPS first Service in Ontario to use CCTV monitoring; one of the first in Canada

Background

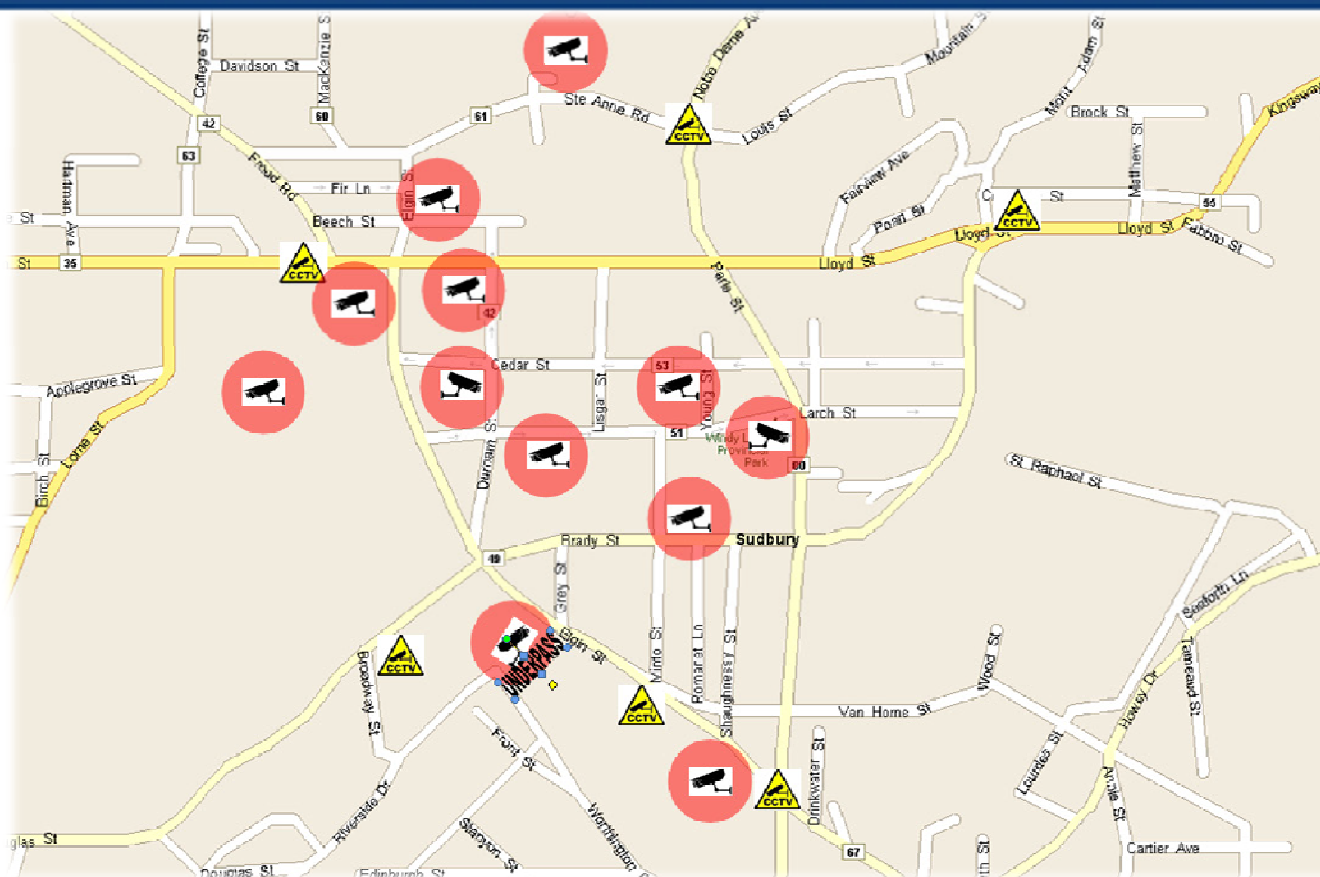

LIONS' EYE IN THE SKY

- CCTV provides the ability to monitor officers and focus in on specific areas of crime which can improve their safety
- Public safety in the downtown area is also enhanced
- Signage throughout downtown Sudbury indicating the existence of the cameras
- Currently there are 15 cameras located throughout the downtown core, one new camera currently being installed at the intersection of Elm & Elgin St

LIONS' EYE IN THE SKY

Benefits of CCTV

LIONS' EYE IN THE SKY

- Proven to be a deterrent to crime and anti-social behaviour
- Improves the Service's ability to deal with crime
- Increases capacity to deal with crime in real time
- Assists in identifying potential persons of interest after the fact

Benefits of CCTV

LIONS' EYE IN THE SKY

- Enhances one's feeling of safety and security
- Contributes to improving officer safety
- Assists in locating missing persons and identifying of offenders
- Sudbury's system has served as an example to many municipalities in Ontario
- Provides volunteer opportunities

Camera Monitoring

LIONS' EYE IN THE SKY

Camera Monitoring & Volunteers

LIONS' EYE IN THE SKY

- Aim to increase the amount of live monitoring
- Three initiatives to recruit more volunteers
 - *GSPS Auxiliary Unit members*
 - *Sudbury Chapter of Citizens on Patrol*
 - *Recruitment efforts have been underway to increase the number of volunteers*
- Since January 2012, 32 new volunteers have been recruited

Advisory Committee

LIONS' EYE IN THE SKY

- Comprised of volunteers who meet monthly with a purpose of providing advice to the Board with respect to the ongoing operation of CCTV in the City of Greater Sudbury

Advisory Committee

LIONS' EYE IN THE SKY

- Liaise with community stakeholders
- Promote the use of the system to enhance public safety
- Conduct program evaluations
- Plan for and ensure through fundraising the required financial resources from camera and replacement

Audit

LIONS' EYE IN THE SKY

- The Advisory Board ensures audits and evaluations of the system are completed with the most recent audit completed in 2012 by the GSPS Internal Auditor
- Recommendations made in the area of camera monitor training, camera replacement cycles, Advisory Committee, expanded use of volunteers for live monitoring, promoting the use of CCTV
- Auditor found the program to be a highly valuable tool to assist the GSPS investigations

Funding Model

LIONS' EYE IN THE SKY

- Generously supported by the Lions Club of Sudbury, the BIA, the Councillors of Ward 10 and 12
- Ongoing maintenance is funded through the police service operating budget
- New/replacement cameras are funded through donations which are secured through the efforts of the Advisory Committee
