

Building, Property and Park Name Policy 2012 – Portions/Components Only

Policy

The naming and re-naming of interior spaces, portions or elements of municipal buildings, properties, parks are important for public awareness, promotion and recognition. All honourific naming and re-naming will respect the need for public consultation and follow appropriate legislative approvals. Honourific naming requests must come from a recognized community or service group or organization, rather than from individuals or affiliated groups or organizations.

Purpose

The purpose of this policy is to ensure consistency and fairness in the naming and re-naming of interior spaces, portions or elements of municipal buildings, properties and parks. The goal is to provide an evaluation framework and approval process that is reflective of the name being proposed.

Scope

This policy applies to Honourific Naming and New Park Development. Names of municipal facilities will not be named after elected officials currently in office. The details of this policy refer to the honourific naming and re-naming of municipal assets which reflect the achievements and contributions from an individual or organization. The significance of their contribution(s) is based on a graduated structure – Neighbourhood or Community **SEE DEFINITIONS***. This structure determines the type of facility to be named and the type of supporting documentation required from the applicant.

TYPES OF SITUATIONS APPLICABLE TO NAMING

1. Honourific Naming

Requested by a community group/organization to recognize a group or an individual's outstanding accomplishments, involvement or work in the local community.

2. New Park Development

New neighbourhood parks created as part of the subdivision development process, are names based on geographical association. This will not require Council approval unless there is a request for a component within the park to be named, in which case the guidelines for honourific naming apply.

Policy Guidelines

Naming Principles and Priorities will be used in conjunction with the graduated system in order to consider an honourific name:

- Names shall assist in emergency response situations by: avoiding duplication, using similar sounding names.

- Names that place the element of the building, property or park in geographical context, so as to assist the citizens in locating the named element – this may reflect such things as significant ecological or natural resource features.
- Names reflect the purpose or use of the element within the building, property or park.
- Names convey a sense of place and community and celebrate the distinguishing characteristics of the neighbourhood or community.
- Names are understandable, recognizable and explainable to citizens and respect the values in regards to history, heritage and culture of the neighbourhood or community.
- Names reflect an individual or organization's significant contributions to public life in general.
- Names reflect an individual or organization with such extraordinary prominence and lasting distinction that no other individuals, families or organizations can come forward and suggest alternatives.
