Carol is the leader of our public sector practice and has over 28 years of experience providing audit services to a wide range of government entities.

3. Scope of our services

a. Our audit objectives

As the City's auditor, our primary responsibility is to form and express an opinion on the City's financial statements as at December 31, 2012 and for the year then ended prepared in accordance with Canadian GAAP. The financial statements are prepared by management with the oversight of those charged with governance (Audit Committee).

An audit of the financial statements does not relieve management or the Audit Committee of its responsibilities. We will conduct our audit in accordance with Canadian GAAS. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

In addition, we are committed to being a trusted advisor to management and to the Audit Committee. Where appropriate, we will discuss significant developments in public sector accounting and provide management our views and insights and also advise management of other services we feel could be helpful-at all times staying within the realms of our independence rules.

b. Engagement terms

Our engagement letter dated February 8, 2012 and as amended in an addendum dated May 24, 2012 sets out the terms and conditions for our engagement as the independent auditor of the City for the years ended December 31, 2011 through to 2013. An annual addendum to the engagement letter dated September 6, 2012 confirms that the terms and conditions of our engagement letter continue to remain in effect for the year ended December 31, 2012.

Copies of the engagement letter and addendums have been included in Appendix A of our audit plan for your reference.

4. When will we do the audit?

a. Audit timeline

Working with management, we have developed the following project timeline, which is consistent with the City's regulatory and filing requirements.

Audit planning	
Audit planning	August - September 2012
Presentation of audit plan to the Audit Committee	September 18, 2012
Audit	
Interim audit fieldwork - City and related agencies and boards	September - November 2012
Year-end audit fieldwork - City's related agencies and boards	March - April 2013
Year-end audit fieldwork - City	April - May 2013
Clearance meetings with management and PwC	May 2013
Year-end Audit Committee meeting and finalization of the consolidated financial statements ¹	June 18, 2013

¹ At the year-end Audit Committee meeting we will provide to the Audit Committee our draft audit opinion, key findings (particularly, regarding significant estimates, transactions, accounting policies and disclosures), any significant deficiencies identified in internal controls and also provide a confirmation of our independence.

b. Project management

A well-executed audit requires good project management from both your team and PwC.

Working with management, we have developed the following process to ensure information is flowing and that issues are dealt with on a timely basis:

i. Issues meetings

We will hold regular meetings with key management throughout the year to discuss potential issues affecting the City and to develop plans for the resolution of key accounting issues.

We will share elements of our assessment of significant risks with management and the Audit Committee to avoid surprises and obtain your feedback.

We will maintain an ongoing register of matters that require further effort and will regularly monitor progress on these matters.

ii. Communications

We will use the information from the issues meetings, along with our other cumulative knowledge of the City, to develop a detailed list of documents that we will need from the City to complete the audit. This document will list those responsible and the expected delivery dates agreed to by management.

We have asked management to appoint an “Audit Champion” to be our key contact. This person is responsible for managing the flow of information and audit requests to ensure both of our organizations are being as efficient as possible and that the audit is not disruptive.

Lorraine Laplante has been selected by management as the City’s Audit Champion.

We will hold periodic meetings with management during the audit to discuss the status of our audit procedures. As part of these meetings, we will provide a detailed list of outstanding items and will highlight any items that require more urgent attention and follow up. We will work closely with management to resolve outstanding audit information requests and issues in a timely manner and obtain agreement with management on additional audit services provided, if any, during the audit.

Once we have completed our audit and have mailed our report, the results and findings of the audit will be discussed at the Audit Committee meeting.

We have developed an Audit Service Guideline which has been discussed with management and outlines our audit services and what may be considered additional services. All additional services will be communicated to both management and the Audit Committee. A copy of this guideline is included in Appendix B of our audit plan for your reference.

iii. Continuous improvement

After the audit, we will debrief with management and obtain feedback on how the audit went and what improvements can be made to the process. We will also solicit feedback from the Audit Committee. These improvements will be documented and reflected in next year’s audit plan.

5. How will we do the audit?

a. Our audit approach

Our audit approach is designed to allow us to execute a quality and efficient audit. We do this by:

- i. Gaining an understanding of the business by focusing on new developments and key business issues affecting the City as well as management's monitoring of controls and business processes. Our audit procedures will include tests of controls within the payroll, purchases/payables/payments, revenue and receivables, information technology, and certain other processes as well as substantive tests of significant account balances and transactions;
- ii. Identifying significant audit risks, sharing our perspectives, obtaining your feedback and ensuring our audit is tailored to these risks;
- iii. Making use of our network of internal employee benefits and information systems specialists, who will be integrated into our team to assist in our audit;
- iv. Using external specialists to assist with obtaining sufficient and appropriate audit evidence over certain account balances and transactions. Specifically, we will rely on the following specialists:
 - External actuaries to provide actuarial calculations to account for the employee benefits (pension and other);
 - External specialists to provide estimates of future landfill closure and post-closure costs used to estimate the related liability; and
 - Municipal Property Assessment Corporation (MPAC) to provide the assessment of properties used in determining property taxation revenue for the year.
- v. Using well-reasoned professional judgment, especially, in areas that are subjective or require estimates; and
- vi. Leveraging reliance where possible on the City's internal controls, Auditor General's Office and information technology and data systems.

Our understanding of the organization also drives our assessment of materiality and the identification of audit risks. Throughout the audit, we scale our work based on the size of an account balance, its complexity and its impact on the consolidated financial statements.

b. Risk analysis

Significant risks are those risks of material misstatement that, in our judgment, require special audit consideration. We have identified the following significant audit risks and other risks, including operational risks with a potential audit impact, as part of our planning process.

These risks were identified based on discussions with management, our knowledge of the City and current developments in the economy.

They are the most important risks from our perspective. We request your input on the following significant risks and whether there are any other areas of concern that the Audit Committee has identified.

¹ When we rely on others, we are required by our professional standards to perform certain audit procedures (i.e. evaluate their objectivity, professional qualifications and reputation, understand significant assumptions, perform tests over the data used and evaluate the specialists findings) and evaluate the results to determine if the specialists work can provide audit evidence.

Risk area (including key judgments and estimates)	Management's response	Our audit approach
<p>Revenue recognition - Government Transfers</p> <p>Revenue is recognized from government transfers based on specific contracts and arrangements with governmental organizations and is subject to management judgment with respect to the timing of revenue recognition.</p> <p>There is a risk that revenue is not recorded in the consolidated financial statements accurately and completely and in the correct accounting period.</p>	<p>The City has established revenue recognition accounting policies in accordance with the accounting standards for the Public Sector.</p> <p>In addition, the City has processes, controls and other procedures in place to ensure that revenue is appropriately measured and recognized, including monitoring the activity within deferred revenue accounts and reserve funds during the year.</p>	<p>Update our understanding of management processes and internal controls surrounding revenue recognition and assess the accounting policies adopted by the City for recognizing revenue and ensure that this is in accordance with Canadian GAAP.</p> <p>Perform substantive tests of detail over revenue and deferred revenue accounts including examining reconciliations of deferred revenue accounts (by fund), obtaining confirmation of annual funding with third party sources (i.e. various Ministries) and test other movements in the deferred revenue accounts to supporting documentation (i.e. agree to contracts, vendor invoices, etc.) and to the corresponding entry to the revenue general ledger accounts.</p>

Risk area (including key judgments and estimates)	Management's response	Our audit approach
<p>Significant accounting estimates</p> <p>The preparation of the City's financial statements requires the use of accounting estimates that are subject to management judgment in the following significant areas:</p> <ul style="list-style-type: none"> • Employee benefits (pension and other); • Environmental liabilities (including closure and post-closure costs for active and inactive landfill sites); • Provisions related to property taxes; • Provisions for uncollectible receivables; and • Contingent liabilities. 	<p>Management has processes and controls in place for formulating these estimates.</p> <p>Where applicable, management has engaged external specialists to assist in the determination of significant accounting estimates.</p> <p>In particular, we understand the City has contracted external specialists to assist with the valuation of certain employee benefits and environmental liabilities.</p>	<p>Meet with non-financial management responsible for establishing these provisions to understand the key assumptions and validate and benchmark these estimates against our own expectations. Test management's calculations, supporting data and assumptions used in these calculations.</p> <p>Incorporate internal specialists into our engagement team to assess the appropriateness of the methodology and accounting estimates applied.</p> <p>Assess the competency and objectivity of specialists engaged by the entity.</p> <p>Review management's assessment of the collectability of receivable balances and examine subsequent receipts after year-end and other evidence of collectability.</p> <p>For employee benefit arrangements, we will assess whether any plan changes as a result of new or amended collective bargaining agreements or agreements with non-unionized employees have been appropriately considered in the actuarial valuations. We will also perform testing over the source data used in the employee benefit calculations.</p>

Risk area (including key judgments and estimates)	Management's response	Our audit approach
<p>Management override of controls</p> <p>Canadian auditing standards require auditors to plan and perform the audit to obtain reasonable assurance that the consolidated financial statements are free of material misstatements, whether caused by error or fraud.</p> <p>The likelihood of not detecting a material misstatement resulting from fraud is higher than the likelihood of not detecting a material misstatement resulting from error, because fraud may involve collusion as well as sophisticated and carefully organized schemes designed to conceal it.</p>	<p>Appropriate segregation of duties has been established in order to mitigate the risk of management override of controls.</p> <p>Controls over the review and approval of manual journal entries are in place.</p> <p>In addition, the City has policies and procedures in place to prevent and deter fraud.</p>	<p>Assess the control environment and segregation of duties and access parameters established in PeopleSoft mitigating this risk.</p> <ul style="list-style-type: none"> • Test significant and non-standard manual journal entries made during the year. • Introduce an element of unpredictability into our audit through our sample selections for audit testing.

c. Materiality

Misstatements, including omissions, are considered to be material if they (individually or in aggregate with other misstatements) could reasonably be expected to influence the economic decisions of users, taken on the basis of the financial statements.

Judgments about materiality are made in light of surrounding circumstances and are affected by the size or nature of a misstatement, or a combination of both.

We have set our preliminary materiality for the audit as follows:

	Basis	Amount
Overall materiality ² :	1.5% of operating expenditures (budget) for the full year	\$7.2 million
Unadjusted and adjusted items in excess of this amount will be reported to the Audit Committee	5% of overall materiality	\$360,000

² Our materiality calculation is based on 2012 operating budget; should there be a significant change in actual results, we will communicate changes to the Audit Committee at year-end

d. Discussion on fraud risk

Canadian GAAS require us to discuss fraud risk annually with the Audit Committee. We understand that part of your governance role is also to consider the fraud risks facing the City and the responses to those risks.

Question 1:

Required discussion	<p>Through our planning process (and prior years' audit), we have developed an understanding of your oversight processes including:</p> <ul style="list-style-type: none"> ◦ Code of conduct (as set out in the employee handbook); ◦ Audit Committee (and other) charters; ◦ Discussion at Audit Committee meetings and our attendance at those meetings; ◦ Presentations by management; ◦ Review of related party transactions; ◦ Consideration of tone at the top; and ◦ Auditor General's Office. <p>• Are there any new processes or changes to the above that we should be aware of?</p>
Notes	

Question 2:

Required discussion	<p>We are not aware of any fraud at the current time.</p> <p>We would like to ask whether you are aware of instances of actual, suspected or alleged fraud affecting the entity.</p>
Notes	

An auditor's responsibilities for detecting fraud

We are responsible for planning and performing the audit to obtain reasonable assurance that the consolidated financial statements are free of material misstatements, whether caused by error or fraud.

The likelihood of not detecting a material misstatement resulting from fraud is higher than the likelihood of not detecting a material misstatement resulting from error, because fraud may involve collusion as well as sophisticated and carefully organized schemes designed to conceal it.

During our audit, we will perform the following procedures in order to fulfill our responsibilities:

- Inquiries of management, the Audit Committee and others related to any knowledge of fraud or suspected fraud;
- Perform disaggregated analytical procedures, primarily over revenue and consider unusual or unexpected relationships identified in planning the audit;
- Incorporate an element of unpredictability in the selection of the nature, timing and extent of our audit procedures;
- Perform additional required procedures to address the risk of management's override of controls, including:
 - Testing internal controls designed to prevent and detect fraud;
 - Examine journal entries and other adjustments for evidence of the possibility of material misstatement due to fraud;
 - Review accounting estimates for biases that could result in material misstatement due to fraud, (including a retrospective review of significant prior years' estimates); and
 - Evaluate the business rationale of significant unusual transactions.

We would be pleased to discuss any other procedures or suggestions the Audit Committee may have.

6. Where will we do the audit?

The audit of the consolidated financial statements of the City of Greater Sudbury will be based out of the offices located at 200 Brady St.. As PwC has been engaged to perform separate stand-alone audits of the City's agencies and boards (such as the Greater Sudbury Utility Inc. and the Sudbury Housing Corporation) we will also be performing separate audits at their respective offices.

Since the consolidated financial statements of the City includes the agencies, boards and commissions that are controlled by the City, we will rely on the audit work completed by these PwC teams to assist in forming our opinion of the consolidated financial statements of the City.

We have taken the following steps to ensure the overall quality of the audit engagement:

- a. issued formal instructions to the local agencies and boards audit teams leveraging the work of the individual audits;
- b. arranged for continuous communication throughout our engagement team between the City and agencies and boards audit teams;
- c. arranged for debriefing conference calls with management and respective local audit teams to review results and findings of work performed; and
- a. d. planned adherence to engagement timelines in order to meet your reporting objectives.

7. Fees

In accordance with the RFP covering the five year contract period for the years ended December 31, 2011 through to 2013; our fees for the 2012 audit of the consolidated financial statements of the City are \$87,100.

**Auditor's
Report**

Once we complete our annual audit, we will provide you with our auditor's report on the work referred to above. The form and content of our auditor's report will be in accordance with Canadian Auditing Standard 700, *Forming an Opinion and Reporting on Financials*. There may be circumstances where our audit report may differ from the expected form and content. If, for any reasons caused by or relating to the affairs of you or you, we are unable to complete our audit, we may decline to issue our auditor's report.

Our Responsibilities

**Annual
Financial
Statement
Audit**

The purpose of a financial statement audit is to express an opinion on the financial statements. We will be responsible for performing the audit in accordance with Canadian generally accepted auditing standards. These standards require that we comply with ethical standards, which include independence and professional competence, and plan and perform the audits to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by you, as well as evaluating the overall presentation of the financial statements.

**Consistency of
accounting
principles**

It is our responsibility to assess whether the accounting principles used to prepare the financial statements have been applied on a basis consistent with that of the preceding year and to report on that matter in the auditor's report under "Report on other legal and regulatory requirements".

**Risk
Assessment**

In making our risk assessments, we will consider internal control relevant to the preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of your internal control. But, we will let you and the Audit Committee know, as appropriate, in writing about any significant deficiencies in internal control relevant to the audit of the financial statements that we have identified during the audit.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatements may not be detected, even though the audit is properly planned and performed in accordance with Canadian generally accepted auditing standards.

Informing the Audit Committee

We also are responsible for ensuring that the Audit Committee is informed about certain other matters related to the performance of our audits, including but not limited to:

- (i) our views about significant qualitative aspects of your accounting practices, including accounting policies, accounting estimates and financial statement disclosures. In certain circumstances we may be required to explain to the Audit Committee why we consider a significant accounting practice, that is acceptable under the applicable financial reporting framework, not to be most appropriate to your particular circumstances;
- (ii) significant difficulties, if any, encountered during our audits;
- (iii) where the Audit Committee is not involved in managing the entity we are also required to communicate:
 - significant matters, if any, arising from our audits that were discussed, or subject to correspondence with management; and
 - written representations we are requesting; and
- (iv) other matters, if any, arising from our audits that, in our professional judgment, are significant to the oversight of the financial reporting process.

Reliance by Third Parties

The services will not be planned or conducted in contemplation of reliance by any specific third party or with respect to any specific transaction. Therefore, items of possible interest to a third party will not be specifically addressed and matters may exist that would be assessed differently by a third party, possibly, in connection with a specific transaction.

Your Responsibilities

Responsibility for Financial Statements and Internal Control

You are responsible for the preparation and the fair presentation of the financial statements and information referred to above. You are also responsible for establishing and maintaining an effective system of internal control over financial reporting to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In this regard, you are responsible for establishing policies and procedures that ensure financial statements are prepared in accordance with the requirements of Canadian Public Sector Accounting Standards.

If you engage us to translate the financial statements or other documents referred to above from one language to another, you are responsible for the translated documents.

Correction of Errors

You are responsible for adjusting the financial statements to correct material misstatements and for confirming to us that the total of all uncorrected misstatements identified by us during our audit are immaterial, both individually and in total, to the financial statements taken as a whole. In addition, we expect you will correct all known non-trivial errors.

Prevention and Detection of Fraud

You are also responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us:

- (i) of the risk that the financial statements may be materially misstated as a result of fraud;
- (ii) about all known or suspected fraud affecting you involving (a) management, (b) employees who have significant roles in internal control over financial reporting and (c) others where the fraud could have a non-trivial effect on the financial statements; and

Fees and Billing Schedule

Our Fee Estimate

Our fees for the services as outlined in the RFP, Section 7.1 Summary of Audit Fees and in Appendix E – Mandatory Forms – Bid Forms (2011, 2012 and 2013) will be \$80,000 in 2011, \$82,000 in 2012 and \$84,000 in 2013. Our fees exclude HST.

Conditions Impacting our Time and Fee Estimates

Our time and fee estimates take into account the agreed level of preparation and assistance from you. We will let you know promptly when and if for any reason the schedules, information and assistance provided as outlined in this engagement letter, are not sufficient for our services. We will provide you with a separate listing of required schedules, information requests and the dates such items are needed. We will also discuss with you and the Audit Committee any other issues that will require extra time and effort to resolve in order to revise the fee estimate to reflect additional services, if any, required for us to complete our work.

The conditions impacting our time and fee estimates include, but are not limited to, the following:

- 1 Changes to the timing of the engagement at your request may result in the services being performed by staff at a higher rate than initially planned, or difficulty in reassigning individuals to other engagements, either of which may result in our incurring significant unanticipated costs.
- 2 All schedules are not (a) provided by you on the date requested, (b) completed in a format acceptable to us, (c) mathematically correct or (d) in agreement with your accounting records (e.g. general ledger accounts).
- 3 Your personnel are not readily available or there is a significant delay in providing adequate responses to our requests for information, such as reconciling variances or providing requested supporting documentation (e.g. invoices, contracts and other documents).
- 4 Significant number of adjustments posted by you after we start our work that result in our having to update previously completed work.
- 5 The financial statements are received late or there are a significant number of drafts or a significant number of changes identified as a result of our review.

This release indemnification does not apply where we reasonably should have uncovered the misrepresentations through other procedures performed but did not due to the negligence, wilful

misconduct or dishonesty of our partners and/or employees.

- 8.2 **No claims against individuals** - You agree claims or actions relating to the delivery of services shall be brought against us alone, and not against any individual. Where our individuals are described as partners, they are acting as one of our members.
