

We the undersigned, ratepayers and residents of Laval Street in Sudbury, Ontario would like our street returned to a semblance of residential R 1 that it is supposed to be. It has become more like a Highway without regulations. We need to see a different entrance to MacLeod School. We realize it cannot happen overnight. In the interim we would like to see the following implemented before the start of the new school year in Sept. 2011.

1. Speed limits of 40kl.for Laval Street.
2. No parking on either side of Laval between 8 and 9 am. And between 2 and 3pm from Monday to Friday inclusively.
3. Proper signs installed so same rules can be enforced.
