Lot 9, Concession 1, Township of MacLennan, from Aviation Road to north-west extent, Greater Sudbury Airport, City of Greater Sudbury be named chemin Tango Road.

## **BACKGROUND**

The City of Greater Sudbury's Airport Board continues to look for ways to implement its Mission statement through its strategic goals. The Airport Board's Mission Statement and Strategic Goals are as follows.

## **MISSION STATEMENT**

To provide first class service and facilities to commercial passengers, commercial carriers, and general aviation customers, to promote air travel as an attractive option, and to promote the economic development of Greater Sudbury.

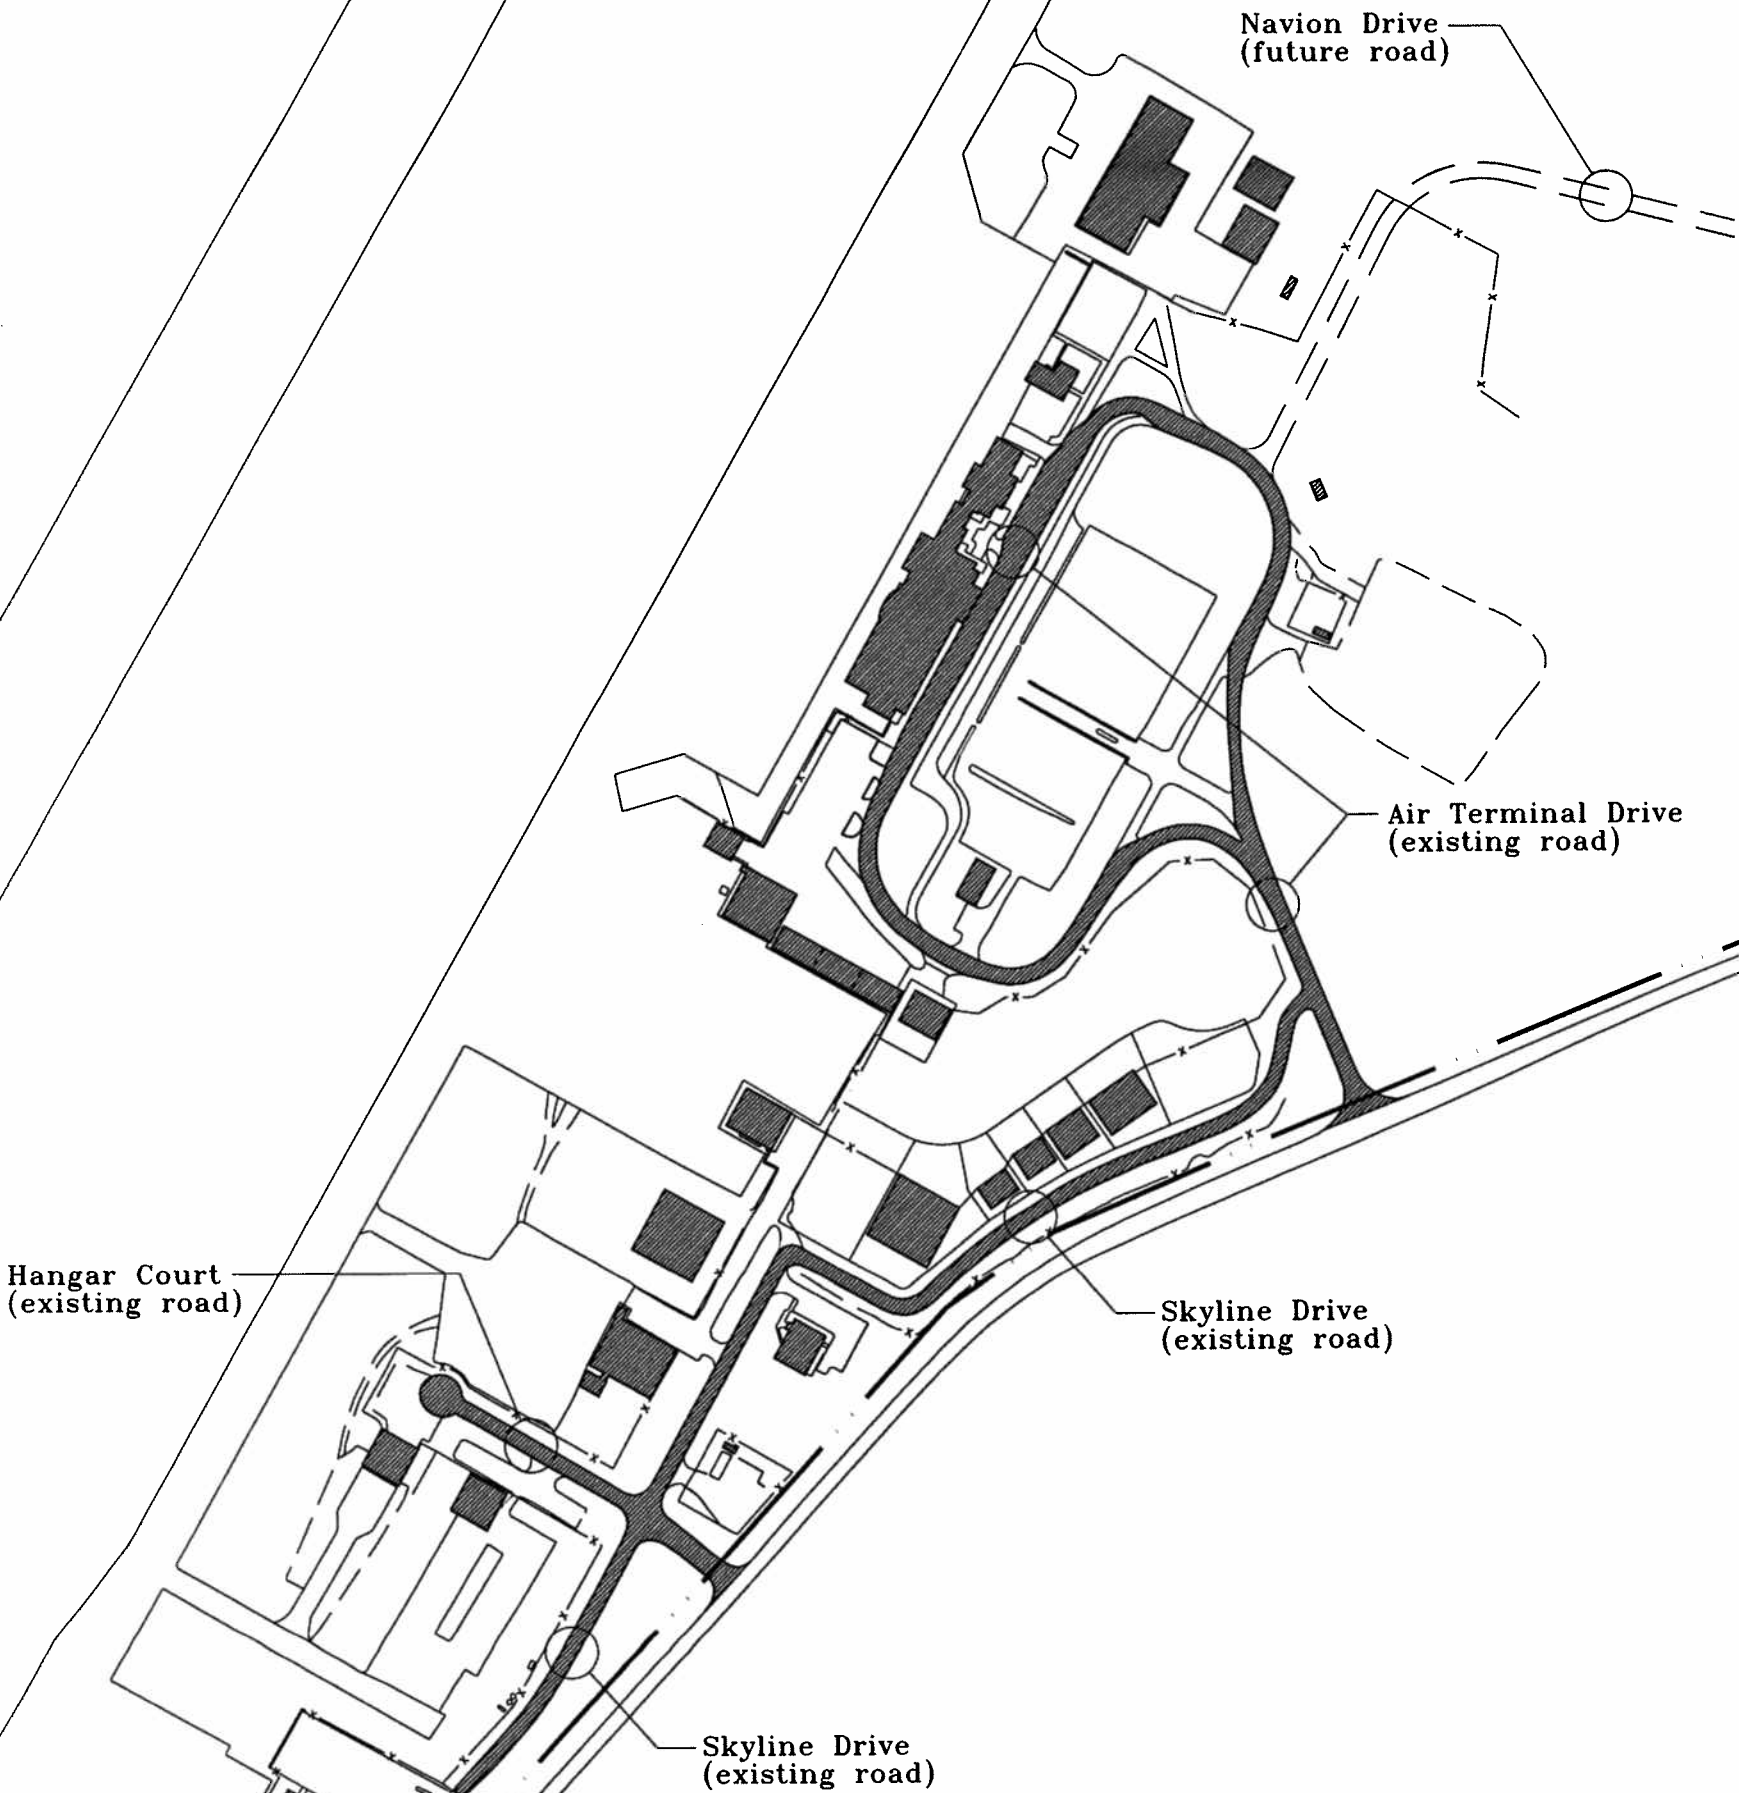

## **STRATEGIC GOALS**

- Improve air services to the travelling public
- Pursue land and economic development opportunities
- Diversify General Aviation
- Promote the Greater Sudbury Airport

Over the past few years the airport has seen an increase in the number of new construction projects. In response to the high demands for investment ready property the Greater Sudbury Airport will be moving forward this summer with a major new land development project which will take place at the northeast side of runway 12-30. This will of course result in the creation of several new airport roads providing vehicular traffic access to the new land development area.

The increase in development activity has prompted the airport to review its road network with an end objective of establishing permanent street addresses for its tenants. These roads and future roads are shown on Schedule 1A, Schedule 1B and Schedule 1C attached hereto. The fact that the airport's system of internal roads currently are not assigned "unique addresses" is viewed as a major deficiency, especially in light of the importance for fire, police, ambulance and other emergency crews to have a definitive address to respond to during an emergency. In order to improve functionality as well as providing an opportunity for businesses to develop a unique location the street naming and numbering as shown are being recommend for approval.
