City Investment
\$1 Million

\$3 Million in Trail
Development & Promotion

Ramsey Lake Path, June 11, 2011

THEREFORE BE IT RESOLVED THAT

Infrastructure Services consult both the Sustainable Mobility Plan and the Bicycling Technical Master Plan when preparing the capital budget and when preparing tenders for every capital road project.

June 15, 2011

The Transportation Study Report

....is to consider a multi-modal vision for the City, one in which future travel demand is managed through a combination of new infrastructure, interconnected transit and a network of cycling and pedestrian facilities.

Today: June 20, 2011

Rainbow ROUTES Association

*is a not for profit organization dedicated to **sustainable mobility** through the development and promotion of active transportation routes, including the TransCanada Trail, in Greater Sudbury*
