Background

At the March 3, 2011 Finance Committee meeting, staff was asked to prepare a report outlining the City's expenditures with respect to Corporate Memberships. The data in the following table was developed by searching the actual charges in the 2010 financial data bases. The table is organized to show memberships by Management Team area of responsibility and then broken by individual department.

Please note: the Greater Sudbury Airport and Police Services charges were excluded. Also Purchasing Card charges were reviewed and excluded due to a lack of granularity into the details of the charges.
