Notes to Financial Statements

Year ended December 31, 2009

1. Significant accounting policies:

Basis of accounting:

The Trust Funds financial statements are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable. Expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

2. Fednor Project Business Planning Initiative:

Fednor has advanced \$110,110 to be used by the Regional Business Centre to aid small businesses. An advance for up to 90% of the small businesses consulting costs may be made. At the end of two years, the Regional Business Centre may be asked to repay this advance if feasible or the advance may be forgiven. Any interest earned will be available for further advances.
