Education Co-ordinating Team (ECT)
Student Success Initiative
Presentation to the City of Greater Sudbury - Summary

This presentation will begin by giving an overview of the ECT's mandate. We will also describe some of the ways the Ministry of Education is trying to ensure student success (i.e. Co-op and OYAP programs, SHSM, Reach Ahead activities, Dual Credits and School College Work Initiative).

The City of Greater Sudbury can aid in the success of our initiatives by helping them work together and by creating new partnerships. Involving students in activities and work experiences in City Departments would be of great benefit to the student and would, at the same time, allow for young people to have a clearer understanding of what is done at City Hall. It might even encourage some of them to become our future leaders.

Mission Statement

To identify and co-ordinate
education and training needs in order to
generate opportunities for the
economic growth of the communities we serve.

Énoncé de mission

Identifier les besoins dans le domaine de l'éducation
et de la formation et en coordonner la liaison afin de
créer des occasions de croissance économique dans
les communautés desservies.
