

Coalition for a Liveable Sudbury

Working toward environmental, economic and social sustainability in Sudbury

Angie Hache, City Clerk

City of Greater Sudbury

P.O. Box 5000, Station A

Sudbury, Ontario P3A 5P3

Dear Ms. Hache:

I am writing to request that the Coalition for a Liveable Sudbury present to the Priorities Committee, April 22, 2009.

The Coalition for a Liveable Sudbury is a grassroots network of citizen groups and individuals who share a vision of Sudbury as a green, healthy and engaged community. To that end, we are working towards Smart Growth in the City of Greater Sudbury. Smart Growth is an approach to managing the growth of communities with the goal of **environmental, economic and social sustainability**.

In our presentation, we will discuss what Smart Growth is, what it can look like, and what the potential benefits are for Greater Sudbury. We will also request that an Advisory Panel on Smart Growth and Planning be formed to set out concrete steps that can be taken at the municipal level to support a green, healthy and engaged Greater Sudbury.

Thank-you for consideration of our request. Please do not hesitate to contact us with any further questions you may have. We hope to hear from you shortly.

Sincerely,

Lilly Noble, Communications
