

The first fundraiser this year,  
a Valentines day supper and  
silent auction raised over  
\$3000.

It'll be used to buy a Wii  
game controller to attract  
adult and youth use. A TV  
set VCR combination wil  
show how to videos in the  
sewing room.

Capreol uses  
their arena.

Jeff Pafford had an  
instructor  
from Minnow Lake Park  
and the portable  
skateboard equipment  
lined up

All we got in the end  
was excuses by the  
staff for not putting the  
equipment in the arena.

It is the center of the  
two formerly rival  
communities and is a  
well used pathway but  
should be rebuilt.

Our frustrations with being the far end of the City of Greater Sudbury are many.

We are no longer a self-governing community, and although our Councilor does what he can, he is but one of 12 and all of your priorities are different.
