Comments on the General and Introductory Matter in Response to the CGS Strategic Plan First Draft

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
Overall	
The councillor states "I have nothing further to add."	Thank you!
Introduction	
Regarding the introduction, the councillor notes: "It seems to lack direction. You state that the priorities reflect these elements. What elements? What does environmental centre of the North even mean?"	We will revise.
Regarding the introduction, the councillor notes: "I would like to include something about being the region being a hub of First Nations art and culture, or at least something that includes our local First Nations. I've worked on 34 important First Nations films that were made here in the past few years, heard some great First Nations musicians, and there is a lot of great stuff happening here."	We will review the document to incorporate references to include First Nations and Indigenous throughout the document.
Regarding the introduction, the councillor notes: "I really like the last line: The (should this read "This?") strategic plan highlights changes City Council wants to make that it believes are fundamentally important for the community's sustainability, economic competitiveness and quality of life."	We agree.

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
Mission	
<p>Regarding the Mission, the councillor notes:</p> <p>"The mission has some really good sections, but doesn't feel put together. Everything ultimately needs to be tightened up as it seems as-of-yet underdeveloped. "</p>	<p>We believe this reflects all of the collaboration with Council.</p>
<p>Regarding the Mission, the councillor notes:</p> <p>" I really don't like that leadership is stated twice. I also don't like how many descriptors there are. It seems like we are trying really hard, and I believe this is the result of perhaps too many cooks in the kitchen and not enough refinement."</p>	<p>We believe this reflects all of the collaboration with Council.</p>
<p>Regarding the Mission, the councillor notes:</p> <p>"The first sentence to me doesn't really say anything except that we partner with our community. Perhaps we could combine the first two statements: 'At the City of Greater Sudbury, we work in partnership with our community to build a welcoming city that offers outstanding opportunity, wellness and value'. "</p>	<p>We believe this reflects all of the collaboration with Council.</p>
<p>Regarding the Mission, the councillor notes:</p> <p>"We say build twice. Beyond that we say city twice in the last sentence. I suggest we change the last sentence to: 'We work today to fulfill the needs of all those who work, live, visit, invest, and play in Greater Sudbury.' Or simply: 'We work for all those who work, live, visit, invest, and play in Greater Sudbury.'"</p>	<p>We agree.</p>

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
Vision	
<p>Regarding the Vision, the councillor notes that "I feel this vision is already partially attained. I agree that we need to make a higher level of mining excellence a bigger goal, and do believe we have room to grow in the environment, education and healthcare, but we are already a large part of the way there. I do believe that similar to the amended Vision I presented at the retreat that we need to incorporate connectivity of our community as a vision. It speaks to the want to not only ensure a strong infrastructural connection, but also connection as a strong amalgamated City."</p>	<p>While there was consensus on the vision at the workshop, there was feedback since that the vision could be further reviewed. We understand the concern but unless there is clear direction from Council, we are obliged to leave it as is.</p>
<p>The councillor states that the Vision should be changed to "A world-renowned centre of excellence and opportunity - vibrant towns well-connected to a flourishing urban core, all set in our beautiful Northern landscape."</p>	<p>While there was consensus on the vision at the workshop, there was feedback since that the vision could be further reviewed. We understand the concern but unless there is clear direction from Council, we are obliged to leave it as is.</p>
<p>The councillor notes: " I strongly dislike this vision. I have sent some suggestions, and asked for an opportunity to re-examine the vision either with council or with [Dr. Bart]. I have not found that there has been a real venue to explore further. I believe that the lack of interest from my colleagues in pursuing the matter further at the strategic planning session was more a result of exhaustion than of satisfaction with the current vision."</p>	<p>While there was consensus on the vision at the workshop, there was feedback since that the vision could be further reviewed. We understand the concern but unless there is clear direction from Council, we are obliged to leave it as is.</p>
Values	
<p>In the Values section, Innovation, the councillor requests adding "and create our future" to the end of the defining text.</p>	<p>We believe this reflects all of the collaboration with Council.</p>

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
In the Values section, Integrity, the councillor states "The definition is redundant. We keep our word and deliver on our promises means the exact same thing."	We feel that the clarity is important and expressed in the current wording.
In the Values section, Honesty, the councillor states "The definition is quite problematic. It certainly doesn't sound like we are concerned with the principle of actually being honest, but is instead focused on the results you might get from being honest (a good reputation). I find it makes me feel like the person stating this definition is untrustworthy, as they are not focused on the core issue of honesty."	We agree. We will find some alternate wording.
In the Values section, Respect, the councillor states "I think that this definition is limited only to people, and we need to acknowledge natural environments/places, money, buildings and tools. What about ' At the City of Greater Sudbury we respect: our people - colleagues, residents, and visitors; our place - the lakes, forests, and buildings that make up our home; and the tools and resources that are entrusted to us. '"	We agree.
In the Values section, Trust, the councillor states "The definition is too strongly worded. 'We always try to do what is right' would be more realistic. What is right is also subjective. If someone says 'We do what is right, always', I believe they are either lying or a fool. I would suggest we consider something along the lines of ' We always try to tell the truth, do what is right, and be there when needed. ' "	We believe this reflects all of the collaboration with Council.
In the Values section, Compassion, the councillor asks to change the word "solution" to "solutions" in the defining text.	We agree.
In the Values section, the councillor notes "I think this one misses the mark, and don't think that finding "the right solution for their needs" has much to do with compassion. Maybe something like ' We care about our residents, employees and businesses. We always try to consider and appreciate their circumstances to best serve their needs. '"	We believe this reflects all of the collaboration with Council.

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
<p>In the Values section, the councillor notes:</p> <p>" Seeing as how Integrity, Honesty, and Trust have a lot of overlap, and I believe the definitions need some work, I wonder whether this could be pared down. I would suggest Honesty should be a given, is covered by Trust and Integrity, and that we drop it as a value altogether. The definitions of Trust and Integrity will pick up the slack.</p> <p>Integrity could use the definition 'We strive to be fair, consistent, deliver on our promises and acknowledge our mistakes.'"</p>	<p>We agree and will suggest changes that reflect the direction here.</p>
<p>Strategic Objectives and Goals</p>	
<p>Under Strategic Objectives and Goals, Section 1, a note attached to "Infrastructure" reads:</p> <p>"This number of \$2.8B seems off. We have a \$3.1B infrastructure deficit (KPMG). Not sure where you got \$2.8B, but we could have communication issues with this number of \$2.8B, as in it makes our debt look bigger than our assets."</p>	<p>We will change it to \$3 billion.</p>
<p>Under Strategic Objectives and Goals, Section 1, the councillor notes " Opening a sentence with 'Assets that are targeted in this goal' is confusing. How about simply saying 'Our assets include roads, underground infrastructure like water and wastewater pipes, buildings like arenas and libraries, fleet vehicles like transit buses and snow plows, and much more.'"</p>	<p>We will edit accordingly.</p>
<p>Under Strategic Objectives and Goals, Section 2, the councillor comments ""</p>	

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
<p>Under Strategic Objectives and Goals, Section 2, A note attached to Item 2.4 reads:</p> <p>"I do not believe that Downtown Sudbury can be singled out here. Rather I believe that a look and solution for all of our downtowns can be one of the goals, that being the residential and commercial densification of our downtowns."</p>	<p>We disagree. This is about the Junction and other projects as identified in the Downtown Master Plan.</p>
<p>Under Strategic Objectives and Goals, Section 3, the councillor notes "The blurb is good. Should the action items include any of our actual plans? Our upcoming Emissions and Adaptation/Mitigation plans? What about something that isn't so global, but focuses locally on protecting our lakes and forests?"</p>	<p>The detailed tactics will fall under these broader categories.</p>
<p>Under Strategic Objectives and Goals, Section 4, the councillor notes "I think this one looks great too."</p>	<p>Thank you.</p>
<p>Under Strategic Objectives and Goals, Section 5, a note attached to "Housing" reads:</p> <p>"This is being too narrowly defined. It leans too heavily toward housing provided by the city. This goal should also encompass the importance of the city to maintain its very attractive position as having overall attainable housing, a position which goes a long way to attracting that highly skilled work force mentioned in the previous goal."</p>	<p>We will include a reference to attainable housing.</p>
<p>Under Strategic Objectives and Goals, Section 5, the councillor notes "The first sentence is very long and might be missing an 'and' - 'The goal reflects Council's desire to ensure that all citizens, especially vulnerable populations, feel welcome and supported, have access to safe, affordable and suitable housing options in the City of Greater Sudbury.'</p> <p>How about simplifying it to: 'This goal reflects Council's desire to ensure that all citizens, especially vulnerable populations, have access to safe, affordable and suitable housing options in the City of Greater Sudbury.'"</p>	<p>We agree.</p>

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
<p>Under Strategic Objectives and Goals, Section 6, the councillor requests "Drop 'relentlessly' from the first sentence. It's trying way too hard and is stronger without it.</p> <p>Also a few things I would consider adding: Investing in active transportation and sustainable transportation. Investing in our parks and trails. Encouraging and supporting community gatherings and gathering-places."</p>	<p>We agree to remove "relentlessly".</p> <p>We agree and will edit accordingly.</p>

1.3 A. <p>2.1 G. Promote new development in agriculture opportunities</p> <p>First Councillor commented: "Where did this come from? <p>2.4 Revitalize Downtown Sudbury with Public Investment that Supports and Leverages Private Investment</p> <p>Comment provided: "I find this weak and per my comments above I feel there is a larger opportunity here to please all downtowns including Downtown Sudbury."</p>	<p>While there was consensus at the workshop, we understand the concern but unless there is clear direction from Council, we are obliged to leave it as is.</p>

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
4.7 Support the Attraction, Integration and Retention of a Highly Skilled Workforce Comment provided: "Are we perhaps missing an opportunity here to use some connections with our local school boards and post-secondary institutions to spur retention as a large drain on our talent starts directly from high school graduation and then progresses with post-secondary graduation?"	We view this as a potential component of this work.
4.7 A. Mobilize Public and Private Resources to Address Current Skills Gap and Future Workforce Needs Revise to "Mobilize Public and Private Resources, working with local employers to Address Current Skills Gap and Future Workforce Needs"	We view this as a potential component of this work.
4.8 A. Continue regular dialogue with Atikameksheng Anishnawbek and Wahnapiatae First Nations Comment provided: "Having just one item here makes it seem a bit like a token item. I believe we can beef this up with specifying collaboration on industrial growth strategies in respect of our lands, waters and climate change."	We agree and will incorporate additional initiatives that we are working on.
4.9 Launch New Initiatives to Attract and Retain More Newcomers for Integration Into New Economic Development Partnerships and Opportunities Add "4.9 D. Invest in newcomer and multicultural settlement initiatives"	We agree.

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
Strategic Priority #5: Housing	
5.1 Expand Affordable Housing Options Add "/Attainable" to "Affordable" Comment provided: "This items is too focused on low income. 5.1 E. Have four new seniors homes (geared to income) built by 2022 Comment provided: "Owned and operated by whom?"	We will remove 5.1 E as it is a tactic that is more appropriately addressed in an annual budget discussion.

Councillors' Comments (Each response is from a single councillor, unless otherwise indicated)	Management's Response
<p>5.1 F. Collaborate with School Boards to develop community hubs out of surplus schools.</p> <p>First Councillor:</p> <p>Delete item.</p> <p>Comment provided: "I do not agree that this is a task we should undertake. The City does not need the additional operating costs of more buildings."</p> <p>Second Councillor:</p> <p>Comment provided: "I really think this is dead as a strategy. It can certainly come up on a case by case basis, but clearly buying or investing in old assets is not the solution we need for any of our City's fiscal issues."</p>	<p>We will remove 5.1 F as it is a tactic that is more appropriately addressed in an annual budget discussion.</p>
<p>5.1 Expand Affordable Housing Options</p> <p>Add "F. Encourage the building and availability of smaller homes"</p>	<p>We are currently doing this through the DC policy.</p>
<p>5.3 Innovate Solutions to Support Existing Housing Choices</p> <p>Comment provided: "Why are all these "choices" specific to seniors?"</p>	<p>We will revise the wording to be more inclusive.</p>
