Fire Education

We provide fire and public safety education as well as school programs for children and youth. Learn more.

Fire Prevention

Learn how to keep you and your family safe from fire at home.

The mission of Greater Sudbury Fire Services is to protect the city's people and property from fires and other emergency situations. This mission has a profound impact on the community. We deliver what are known as the Three Lines of Defense; Fire Education, Fire Prevention, and Fire Response. We are part of a team of emergency service workers who carry the responsibility of keeping over 160,000 citizens and their property; commercial and industrial economy; our \$20 billion infrastructure; and our vast community and environment safe.
