Subject: Boyce Street/Nesbitt Street Traffic Concerns

To whom it may concern:

The home owners within the above noted area wish to express concerns in regards to the increased traffic in this area.

With Panoramic increasing their units, the traffic has become a concern for pedestrians. We have many people who walk their dogs, parents with strollers and children going to school and having to worry about the amount of traffic and speed of said traffic. Panoramic still has many units to fill, which will in turn create yet again more traffic. Vehicles speed up Boyce Street on a daily basis with no regard for the speed limit.

Another issue for our area is Tony V's patron parking. As this business is thriving at this time their parking lot is not large enough to accommodate their customers. The street ends up being lined on both sides of the street on Boyce causing the road to be reduced to one lane and driveways often being blocked. This also becomes an issue in the winter as the plows cannot get through the single lane.

It was mentioned that at some point, there were curbs and sidewalks proposed for this area. In order to ensure safety in our neighborhood, we would like to have the city look at the option of revisiting the sidewalks and curbs at the very least.
